WESTMINSTER, - MARYLAND.

JOS. D. BROOKS, Editor.

Entered at the Postoffice at Westminster, Md., as Second-class matter.

FRIDAY, MAY 6, 1910.

I reckon we will now get that bridge fixed up. The new Mayor has to cross it to get home. He won't need anyone to show him the way either.

The incoming administration of our city will have plenty of work cut out for it. For instance there is the ever present bridge proposition, a legacy from the present administration.

We can congratulate ourselves on having nominated and elected the excellent city ticket. As soon as the meeting at Odd Fellows' hall had completed its work the citizens of this city felt that the government of our little city would be placed in safe hands. This was shown by a unanimous ratification of the ticket at the polls on Monday last.

Flax, from the seed of which linseed oil is made, was, by reason of the long continued drouth of last summer, almost a failure. In consequence of which linseed oil has advanced in price. The seed, which in ordinary times sells for $1.25 per bushel, is now selling at $2.03.

Our Democratic friends, however, will tell you that the horrid tariff is the cause of the higher price.

Did you notice how quiet our Democratic friends have been about that 661 Republican majority in the recent Hagerstown election? If it had been 661 Democratic the Democratic press of this state would have heralded it everywhere as a declaration against the tariff and every other measure passed, or in course of passage, by the present congress. The stillness is really oppressive.

Our new Mayor is a self made young man and enjoys the esteem and confidence of the whole community. He will, with the assistance of an excellent common council, conduct the affairs of the city in the same manner he has his own successful business. The members of the council are all young men of excellent business ability and we predict for them a clean business administration of our city affairs.

The dry weather of last summer caused a short crop of corn and nearly dried up the pasture in the western part of the country. In consequence of which cattle and hogs became scarce and high while the demand increased considerably.

We are told, however, that the tariff and the horrid Republicans just put the price up for pure cussedness. That is the Democratic party says so. But then it has said so much, during the past forty years, that was not true.

The Democratic party always carries the House of Representavties about six or eight months before the election. Just at present it is having lots of encouragement over two special elections, one in New York and another in Massachusetts, in both of which the Democratic candidates were successful. It is very significant, however, that both of the successful candidates have declared they would not be candidates this fall. They know better. Both districts will be carried by the Republican party in the fall.

The Democratic members of the legislature, against the protest of the Republican senator from Allegany county and in the hope of capturing the city government of Cumberland, passed a bill providing for a commission form of government for the city. The act provided for the nomination of all candidates at one primary meeting. The meeting has been held and the two highest candidates for mayor are both Republicans. What is that saying about the best laid plans of mice and men, &c?

Broom corn was also a failure last summer and consequently the price of brooms has been advanced by the manufacturers. A dealer in this city says he is paying from 5 to 10 cents more for them than he did this time last year because the manufacturers are unable to get the broom corn. The drouth of last summer did the work. Yet our Democratic friends tell us that the tariff put up the price.

It all reminds us of the trials of Patsy Bolivar, a student at a certain rural school. When the teacher was in doubt as to the guilty one he just licked Patsy.

It is true we do not import wheat but if the duty of 25 cents a bushel is removed Canada, with its vast acreage of wheat, can flood this market with its cheaper and less expensively grown crop and the American farmer will be compelled to meet the price in the open market. It would, of course, give the people of the cities and towns cheaper flour but what of the farmer? Isn't he entitled to as much protection from foreign competition as the manufacturers of the cities and towns? Hasn't the farmer been struggling for nearly 30 years to get on his feet? Then why do the Democratic college presidents, professors and a lot of other theorists eternally howl for low tariff and free trade? And, by the way, if the government should, from some fool notion, abolish the tariff and resort to direct taxation how much taxes do you suppose some of these theorists would pay?

Why Not a Carroll County Man for Congress?

For a number of years the Republicans of this county have quietly submitted to anything desired by the other counties composing the Second Congressional district. The candidates for Congress have all come from either Baltimore or Harford county and our people, for some reason or other, have seen fit to stand by and allow them to name anyone they pleased, who in turn has named all of our postmasters and other federal officials irregardless of the wishes of the organization of the party in the county. We are informed that Harford county, at a meeting of the Republican State Central Committee, presented the name of Mr. Edward Allen of Harford for the nomination for Congress this summer, and that the convention has been called to meet in Bel Air, the county seat of Harford, on August 10th. That looks like the whole thing has been arranged for the gentleman from Harford county. Hasn't Harford county now got about all it is entitled to? Mr. Pusey of Havre de Grace is the U. S. sub-treasurer at Baltimore and Mr. John B. Hanna of Bel Air is the Chairman of the Republican State Central Committee and ex-surveyor of the port of Baltimore. In addition to the above the county is pretty well represented in the government service in Baltimore. Carroll county is not represented in any position under the government save and except two positions in the civil service list, the occupants of which have been in office for many years. The county did, some years ago, have a representative in the internal revenue service and one in a minor position in the custom service, but upon their deaths the positions were filled by appointments from the Eastern Shore.

This county has excellent congressional timber among the members of the Republican party and we see no reason why we should quietly submit to dictation from any of the other counties of the district.

Republican Victory in St. Paul, Minnesota.

Herbert P. Keller, Republican, defeated Henry G. Haas, Democrat, of St. Paul, by about 5,000 on Tuesday. St. Paul has not had a Republican mayor for 14 years. The Republicans made their campaign principally on the question of high taxes.—Baltimore American.

Oh, yes, the Democrats are carrying everything before them. The Republican party is going to pieces, &c. That is what the Democratic organs are now saying. They are very careful, however, to say nothing about the victories of the Republican party.

IN MEMORIAM.

In loving remembrance of John R. Baker, who died April 22nd, 1908; Esther E. Baker, died April 10th, 1908; Bessie E. Baker, died February 14th, 1910.

When we leave this world of changes,
When we leave this world of care,
We shall find our missing loved ones
In our Father's mansion fair.

Mrs. T. A. Kauffman.

In sad but loving remembrance of my dear parents, Mr. and Mrs. Andrew Myerly.

Farewell dear parents, sweet be thy rest,
Weary with years and worn with pain,
Thro' all these years we miss you, no tongue can tell.
By her daughter, Mrs. Arthur Wagner.

In loving remembrance of "Our Ruth," who died Friday, April 22nd, 1910.

Softly the daylicht faded, far in the distant blue;
Blending its fading glory, deep with the twilights hue.
Far in the distant portals, opened the golden door;
Sweetly the Angel's music, came from that far off shore.
Fair shone the light Eternal, sweet was the golden air;
Panted the weary spirit, something of life to share,
In through the distant portals, clothed in its robes of white,
Floated her spirit onward, home to the realms of light.
Sad was the hour of parting, bitter the tears we shed;
Laying her cold and silent, down with the shrouded dead.
Lo! like a strain of music, comes from that far-off sea;
Christ, thou hast called our loved one, home, to her rest in Thee.

CHAPTER 281.

AN ACT to authorize and empower the Mayor and Common Council of Westminster, a municipal corporation of the State of Maryland, to borrow twenty-five thousand dollars, to be secured by a bond issue, and providing a tax for the payment of the interest on said bonds and their redemption, and directing the mode of spending the money so borrowed.

Section 1. Be it enacted by the General Assembly of Maryland, That the Mayor and Common Council of Westminster, a municipal corporation of the State of Maryland, be and it is hereby authorized and empowered to borrow a sum of money, not exceeding in the whole the sum of twenty-five thousand dollars, to be evidenced by bonds bearing interest payable semi-annually, said loan and every part thereof and the interest thereon being exempt from all county and municipal taxation in Carroll county whether laid directly or indirectly in the hands of a corporation or individual holder thereof.

Sec. 2. And be it further enacted, That the Mayor and Common Council of Westminster is hereby authorized and directed to have bonds prepared in good and sufficient form not exceeding the aggregate amount of twenty-five thousand dollars, bearing date the first day of July, 1910, in the sum of five hundred dollars ($500); each of said bonds shall be numbered consecutively from one to fifty, inclusive, and be signed by the Mayor and countersigned by the Treasurer with the seal of the corporation affixed, and bear interest at a rate to be fixed by the Mayor and Common Council of Westminster, not exceeding four and one-half per cent. (4½ per cent.) per annum, payable semi-annually on the first day of January and July in each year. The bonds of this issue numbered one to ten, inclusive, shall be payable one a year in the consecutive order of their numbers after the year 1914, bond number one falling due and being payable July 1, 1915; the bonds numbered 11 to 50, inclusive, shall be due and payable two a year in the consecutive order of their numbers after the year 1924, bond numbered "11" being due and payable January 1, 1925, bond numbered "12" July 1, 1925, the rest continuing to fall due and being payable on the first day of January and July of each year thereafter in their numerical order until the whole issue is retired and redeemed as herein provided. A portion or the whole of said bonds may be registered, or may have interest-bearing coupons as may be determined by the Mayor and Common Council. They may be sold at public or private sale for such price and on such terms and conditions as the Mayor and Common Council may deem advisable, but if sold at private sale it shall not be for less than par, and accrued interest.

Sec. 3. And be it further enacted, That so much of said sum of twenty-five thousand dollars derived from the sale of said bonds, as may be necessary for the purpose, shall be by the Mayor and Common Council used and applied exclusively to the payment of the bonds, bills, notes and obligations now outstanding and owing or payable by the Mayor and Common Council of Westminster, including the money due to any account of the town heretofore employed since the first of November, 1909, in paying notes of the town then outstanding or owing, which may have since been paid, and the cost or expense of the preparation, issuing and sale of said bonds; the balance of this sum of money is to be then applied to the repaving or repairing of such streets in said city of Westminster as the said Mayor and Common Council may order and direct, and for no other purpose; and any sums of money heretofore levied and uncollected, to provide a sinking fund for the redemption of the bonds now outstanding, may be used after the payments of said bonds as herein provided, when collected for any municipal purpose.

Sec. 4. And be it further enacted, That the said Mayor and Common Council are authorized and required in each and every year hereafter while the bonds hereby authorized or any of them are outstanding and unpaid, to levy and collect a special tax on the property of all kinds and description, liable to assessment and assessment and taxation within the corporate limits of the city of Westminster, sufficient to pay the interest on the outstanding bonds, by them issued under the provisions of this Act, and the principal thereof as the same shall fall due, until they shall have all been redeemed and retired; and the proceeds of such tax as collected shall be by the Mayor and Common Council placed to their order in some safe depository as a separate and distinct fund, and by them only applied to the payment of the interest and redemption of said bonds, when and as soon as they shall become due and redeemable, and when redeemed said bonds and any coupons shall be cancelled. And the said taxes are pledged to the payment of the interest and principal of said bonds, and can be used for no other purpose.
