W. A. Shæffer, Esq., one of the oldest magistrates and most highly respectable citizens cured of great weakness and restored to robust health.

Jarret Plummer, 153 E. Baltimore st., suffered intensely six years with hip disease and mecurial rheumatism, cured after all other remedies failed.

Space will not permit to name hundreds of others, as Geo. W. Goodrich, Capt. Thos. Canot, Robt. Gault. Jas. Smyth, cured of Rheumatism.

John Pervail, S. A. Griffin John Luke, Rev. V. Eskridge, U. S. Navy, and thousands of others, cured of Dyspepsia, Scrofula, Cough, Liver Complaints, Bronchitis, St. Vitus' Dance &c. We refer to our own citizens. Call on them.

Dr. Hampton, the author of Hampton's Vegetable Tincture, is in his 80th year, in good health, so that it will be seen it is not an article got up to impose on the public.

Delicate females and children will find this a great blessing. It has restored thousands to health.

TREMBLING, FLUTTERING, PALPITATION OF THE HEART.—*Cure of a Dreadful Ulcer!*—Read the following Certificate from a Lady, endorsed by Postmaster E. P. Cooper:

CAPRON BRIDGE,
Hampshire county, Va., March 1, 1854.

Mr. E. P. Cooper—Dear Sir: Agreeable to your request and my own desire to benefit the afflicted, I hereby certify the great relief I received from the use of Hampton's Vegetable Tincture.

I was taken with a violent palpitation, or rather fluttering and trembling of the heart, which continued several days, it seemed as though my heart had almost forgotten its office. The family became alarmed and procured a bottle of this valable medicine, and before I had taken near one bottle of this Tincture of Hamptons I was entirely relieved.

This is the third instance of relief in my family from the use of this valuable medicine.—Two or three years ago I was laid up with Ulceration of the Ankle, from effect of what is usually called milk leg. I had lost all taste and appetite and the sore, which was some four inches up and down, and half way around my ankle, rejected every effort to heal it, until I procured Hampton's Vegetable Tincture, one bottle of which restored my health, healed my ankle, and I am freer from swelling than for the last thirty years.

Again, one of my daughters was very low from severe dysentery, and when she began to sit up her feet commenced swelling, which increased every day and began to be very painful. She used a bottle of Hampton's Tincture, the pains were assuaged, the swellings subsided, and her health returned. We kept her legs bandaged with strips of woolen until her strength returned. I have been thus particular that others under similar circumstances might be induced to avail themselves of this remedy. Yours with respect,
ELIZABETH EDWARDS.

I do hereby certify that I am personally acquainted with Mrs. Edwards, and can safely recommend the above statement to be correct.

The American's Friend!!

HOLLOWAY'S PILLS.

To the Citizens of the United States,

I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my Pills. I take this opportunity of stating that my Ancestors were all American Citizens, and that I entertain for all that concerns America and the Americans, the most lively sympathies, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of living, intending to establish myself among you which I have now done, by taking premises in New York.

PURIFICATION OF THE BLOOD,
AND
LIVER AND BILIOUS COMPLAINTS.

The Citizens of the Union suffer much from disorders of the Liver and Stomach, scarcely any are free form the influence of these destructive maladies, hence life wears fast. The fair sex, perhaps the most handsome in the World, up to a certain period when distressing to say many lose their teeth and good looks, while yet in the heyday of life, such sad evils may be effectually remedied by continually keeping the blood pure, and the Liver and Stomach in a healthy action, when life will flow smoothly, and resemble plants in a congenial clime, where an eternal spring apppears to reign. As it regards the preservation of the human frame, and the duration of life, much may be effected, and I say fearlessly, that health and life can be prolonged for many years beyond their ordinary limits, if Holloway's Pills are taken to purify the blood according to the rules laid down for health contained in the direction which accompany each box.

A CASE OF WEAKNESS AND DEBILITY, OF 10 YEARS STANDING, CURED BY HOLLOWAY'S PILLS.

Copy of a Letter from Captain John Johnson, Astor House, New York, dated January 5th, 1854.

To PROFESSOR HOLLOWAY,
38, Corner of Ann and Nassau Sts., N. Y.

Sir,—It is with the most heartfelt pleasure I have to inform you that I have been restored to health and strength by taking your Pills. For the last ten years, I suffered from a derangement of the Liver and Stomach, and was reduced to such an extremity that I gave up my Ship, never expecting to go to Sea any more, as I had tried every Remedy that was recommended to me, but all to no purpose; and had given myself up to despair, when I was at last recommended to take your Pills. After using them for three months, the result is that I am now in better health than I have been for eleven years past, and indeed as well as ever I was in my life. You are quite at liberty to make this known for the benefit of others.

I remain, Sir, yours respectfully,
(Signed) JOHN JOHNSON.

These celebrated Pills are wonderfully efficacious in the following complaints:
Ague, Debility, Head-ache, Scrofula, or King's Evil, Asthma, Dropsy, Indigestion, Stone and Gravel, Bilious Complaints, Erysipelas, Jaundice, Secondary Symptoms, Blotches on the Skin, Female Irregularities, Liver Complaints, Venereal Affections, Bowel Complaints, Fevers of all kinds, Piles, Worms of all kinds, Constipation of the Bowels, Retention of Urine, Weakness, from whatever cause, Gout, &c.

**Sold at the Establishment of Professor HOLLOWAY, 38, Corner of Ann and Nassau Streets, New York; also by all respectable Druggists and Dealers in Medicines throughout the United States, in Boxes, at 37½ cents; 87 cents, and $1,50 cents each. To be had Wholesale of the principal Drug Houses in the Union.

☞There is a considerable saving by taking the larger sizes.

WHERE may be obtained the most speedy and effectual remedy in the world for all
SECRET DISEASES.

Gleets, Strictures, Seminal Weakness, Pain in the Loins, Affections of the Kidneys and Bladder, Loss of Organic power, Nervous Irratability, Diseases of the Head, Nose, Throat or Skin; and all those Peculiar Disorders arising from a CERTAIN SECRET HABIT OF YOUTH, which, if not cured, produces *Constitutional Debility, renders Marriage impossible*, and in the end destroys both *Body and Mind*.

YOUNG MEN,

Especially, who have become the victims of *Solitary Vice*, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senators with the thunders of eloquence, or waked to ecstacy the living lyre, may call with full confidence.

MARRIAGE.

Married persons, or those contemplating marriage, being aware of physical weakness, or any other impediment, should immediately apply to Dr. Johnston, and be restored.

Office No. 7, *SOUTH FREDERICK ST., SEVEN DOORS FROM BALTIMORE St.*, East side, UP THE STEPS. ☞BE PARTICULAR in observing the NAME & NUMBER, or you will mistake the place. Be not enticed from this office.

A CURE WARRANTED, OR NO CHARGE MADE, IN FROM ONE TO TWO DAYS.

The many thousands cured at this Institution, and the very extensive practice of Dr. J., is a sufficient guarantee that he is the only proper Physician to be consulted.

DR. JOHNSTON,
Member of the Royal College of Surgeons, London, graduate from one of the most eminent colleges of the United States, and the greater part of whose life has been spent in the Hospitals of London, Paris, Philadelphia, and elsewhere, has effected some of the most astonishing cures that were ever known, many troubled with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately

A CERTAIN DISEASE.

When the misguided and imprudent votary of pleasuae finds he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those, who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of his horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progress on with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiseration, till death puts a period to his dreadful sufferings, by sending him to "that bourne from whence no traveller returns."—To such, therefore, Dr. JOHNSTON pledges himself to preserve the most inviolable secrecy; and from his extensive practice in the first Hospitals in Europe and America, he can confidently recommend the most safe and speedy cure to the unfortunate victim of this horrid disease.

It is a melancholy fact that thousands fall victims to this terrible disease owing to the unskillfulness of ignorant pretenders, who, by the use of that *Deadly Poison, Mercury*, ruin the constitution and make the residue of life miserable.

TAKE PARTICULAR NOTICE.

Dr. Johnston addresses all those who have injured themselves by private and improper indulgence, that secret and solitary habit which ruins both body and mind, unfitting them either for *Business, Society, or Marriage*.

These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the back and limbs, pains in the head, dimness of sight, loss of muscular power, palpitation of the heart, dyspepsia, nervous irratability, derangement of the digestive functions, general debility, symptoms of consumptipn, &c.

Mentally: The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion to society, self-distrust, love of solitude, timidity, &c., are some of the evils produced.

Thousands of persons, of all ages, can now judge of their declining health. Losing their vigor, becoming weak, pale and emaciated, have a singular appearance about the eyes, cough and symptoms of Consumption.

DR. JOHNSTON'S INVIGORATING REMEDY for GENITAL DEBILITY.

By this great and important remedy, weakness of the organs are speedily cured and full vigor restored. Thousands of the most nervous and debilitated, who had lost all hope, have been immediately relieved. All impediments to

MARRIAGE,

Physical or Mental Disqualification, Nervous Irratability, Trembling and Weakness, or exhaustion of the most fearful kind, speedily cured.

Young men who have injured themselves by a certain practice indulged in when alone—a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country and the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequences of deviating from the path of nature, and indulging in a certain secret habit.

WEAKNESS OF THE ORGANS
immediately cured and full vigor restored.
TO STRANGERS.

The many thousands of the most desperate and hopeless cases cured at this institution within the last twelve years, and the numeroas important Surgical Operations performed by Dr. J., witnessed by the reporters of the papers and many other persons—notices of which have again and again appeared before the public—is a sufficient guarantee to the afflicted.

Dr. JOHNSTON, the only regularly Educated Physician advertising, is called upon every day, particularly by strangers, who, unfortunately, to their sorrow, thinking to save a few dollars, have suffered themselves to be enticed from this office by ignorant and lying impostors with small fees, to the ruinous abodes of quackery, where, after being trifled with as long as possible, instead of being even relieved, have been irretrievably and permanently injured.

Many of these Quacks copy Dr. JOHNSTON'S advertisements. STRANGERS, TRUST NOT your lives or health to the care of such illiterate and contemptable preteuders, but consult Dr. Johnston and be restored.

☞To those unacquainted with his reputation, Dr. Johnston deems it necessary to say that his Credentials or Diplomas always hang in his Office.

MESSRS. BEACH & BROWNSON—SIRS: I send for another bottle of your "Marchisi's Uterine Catholicon." My wife has been afflicted for eleven years, and a variety of means has been restored for relief, but none was obtained until I received this medicine from you. Its influence seems almost magical: there was a manifest improvement from the day it was taken.

As there are a great many females in our country laboring under the affliction for which your medicine proposes a remedy, I feel it a duty to recommend it to all such.

MEDICAL HOUSE,
NO. 16, SOUTH FREDERICK STREET,
BALTIMORE, MD.,
ESTABLISHED IN ORDER TO AFFORD THE AFFLICTED SOUND AND SCIENTIFIC MEDICAL AID, AND FOR THE SUPPRESION OF QUACKERY.

DR. J. B. SMITH has for many years devoted his whole attention to the treatment of private Complaints, in all their varied and complicated forms. His great success in those long standing and difficult cases, such as were formerly considered incurable, is sufficient to commend him to the public as worthy of the extensive patronage he has received. Within the last eight years Dr. S. has treated more than 29,200 cases of Private Complaints, in their different forms and stages; a practice which no doubt exceeds that of all the other physicians now advertising in Baltimore, and not a single case is known where his directions were strictly followed, and medicines taken a resonable time, without effecting a radical and permanent cure; therefore persons afflicted with diseases of the above nature, "no matter how difficult or long standing the case may be," would do well to call on DR. SMITH, at his office, No. 16, S. FREDERICK STREET, and if not effectually relieved no remuneration will be required for his services. His medicines are free from Mercury and all mineral poisons, put up in a neat and compact form, and may be taken in a public or private house, or while travelling, without exposure or hindrance from business; and except in cases of violent inflamation, no change of diet is necessary

STRICTURES. Dr. Smith has discovered a new method by which he can cure the worst form of stricture, and that without pain or inconvenience to the patient. Irritation of the uretha, of prostrate gland, or neck of the bladder, is sometimes mistaken for stricture by general practitioners or charlatans.

YOUNG MEN and others afflicted with Seminal Debility, whether originating from a Certain Destructive Habit, or from any other cause, with the train of bodily and mental evils which follow, when neglected, should make an early application, thereby avoiding much trouble and suffering, as well as expense. By his improved method of treatment, Dr. S. can safely guarantee a speedy and perfect cure in all cases of this complaint.

TO FEMALES. All diseases peculiar to Females, (such as Suppression, Irregularities, &c.) speedily and effectually removed. The efficacy of his remedies, for the cure of the above affections, have been well tested in an extensive practice for the last twelve years.

DR. SMITH'S "PREVENTIVES," for Married Ladies, whose health will not admit, or who have no desire to increase their family, may be obtained as above. Price $5.

PERSONS AT A DISTANCE may consult Dr. S. by letter, post paid, describing case, and have medicine securely put up and forwarded to any part of the United States, always accompanied with full and explicit directions for use. Communications considered strictly confidential. Office arranged with separate apartments, so that patients never see any one but the doctor himself. Attendance daily, from 8 in the morning till 9 at night.

N. B. Persons afflicted with any of the above complaints will do well to avoid the various NOSTRUMS and SPECIFICS advertised by Apothecaries and Druggists, as a certain cure for any and every disease. They are put up to sell but not to cure, and frequently do much more harm than good, therefore avoid them. A word to the wise is sufficient,

The Golden Wedding-Ring.

BY GERALD MASSEY.

With a white hand like a lady,
And a heart merry as Spring,
I am ripe and I am ready
For a golden wedding-ring.

As the earth with sea is bounded,
And the winter-world with Spring,
So a Maiden's life is rounded
With a golden wedding-ring.

This old world is scarce worth seeing,
Till love waves his purple wing,
And we gauge the bliss of being,
Thro' a golded wedding-ring.

Would you draw far Edens nearer,
And to Earth the Angels bring,
You must seek the magic mirror
Of a golden wedding ring.

I have known full many a Maiden
Like a white Rose withering,
Into fresh ripe beauty redden
Thro' a golden wedding-ring.

Fainting spirits oft grew fearless,
Sighing hearts will soar and sing,
Tearful eyes will laugh out tearless,
Tho' a golden wedding-ring.

There's no jewel so worth wearing,
That a Lover's hands may bring,
There's no pleasure worth comparing
With a golden wedding-ring.

As the Crescent Moon rings golden
Her full beauty perfecting,
Woman's glory is unfolden
In a golden wedding-ring.

Ah! when hearts are wildly beating,
And when arms all glowing cling,
Think Love's circle wants completing
With a golden wedding-ring.

TWENTY YEARS AGO.

I met a girl the other day,
Some twelve years old, or so,
The image of a nymph I loved
Some twenty years ago.

The blushing cheek, the sparkling eye,
The hair of raven flow,
Ah, how they set my heart a-blaze
Some twenty years ago!

I spoke—her answers did not much
Of wit or wisdom show—
But thus the lovely Mary talked
Some twenty years ago.

I've met the lovely Mary since—
Her charms have vanished though—
Her wit and wisdom are—the same
As twenty years ago!

I looked upon her faded cheek,
Unlit my feelings glow;
And thank her that she scorned my love
Some twenty years ago!

Fond boy! who now would'st gladly die
To please some simpering Miss—
God knows what *thou* wilt think of her
Some twenty years from this!

'What Happened to Joe Barker.'

T. S. ARTHUR—who writes excellent moral essays, and palms them off upon the unsuspecting under the name of novelletes—gives an admirable illustration of the Maine Law, in one of his recent sketches, the substance of which we will transfer to our colums. Joe Barker was weak-minded, and fond of strong drink. His earnings, not large at best, were heavily saxed by the rum shops, and his poor family fed on the coarsest food and clothed in multi-patched rags, were left to struggle with adversity. Joe was good-natured, even when drunk, but his weakness was, he could not pass a rum shop. He would make excellent resolutions, when entreated by his wife; and break them when tempted by the landlord.—He did not read the newspapers, and knew nothing about the Maine Law, except what he gathered from the liquor venders. Well, Joe had been, under the monitions of his wife, abstinent for a whole day, when with his week's wages in his pocket and his throat hot with the rum-thirst, he sallied out in search of a toddy. His first call was at "The Diamond." It was shut up. In much wonderment, he passed on to Sprigg's. But Sprigg's den was closed, and Sprigg himself, in answer to Joe's importunate knockings, put his head from an upper window, and surily growled, "Off with you."—More mystified than ever, Joe started for Paul Dixon's. But there too all was dark and silent. Joe was utterly amazed, and commenced retracing his steps, but not taking good heed thereto, he run against a pump. The rest of the story we will let Mr. Arthur tell in his own words:
