WM. J. HUDSON,
s28-3t. Rock Hall

The festival at Rock Hall Saturday evening cleared $250 for the church.

The ladies of Zion M. E. Church held a festival Saturday evening at Mr. Isaac Cleaver's, near Kennedyville, and all the delicacies of the season were served in fine style. Mrs. Robinson and Mrs. Shahan had the supper in charge.

"Wilkins' Riverside" Farm, one of the most beautiful estates on Chester river, the home of the late Col. Edw. Wilkins, was sold last Wednesday at mortgagee's sale, by T. W. Eliason, Esq., at $40.50 per acre, a total of $12,423.38—the number of acres being 307. It was purchased by Wm. B. Usilton.

A Trespass Case. — Mr. Walter Fletcher, of Edesville, was fined $5 and costs by Justice Johnson Saturday for trespassing on the Cruikshank farm tenanted by Mr. Wm. Groves. It seems that Mr. Fletcher had rented the farm for next year and being anxious to seed wheat started to cut off the corn. Mr. Groves forbid him doing this, as, in his opinion, the corn was too green, but Mr. F. did not pay any attention to the wishes of Mr. G., therefore the writ was served, the case ending in the above verdict.

A Good Showing.—A representative of the Kent Mutual Insurance Company says that during the past ten years the Company has lost but $400 from fires in Chestertown and since 1847 there have been but thirty-two losses in the town aggregating about $10,000. While the losses in this town have been small those in the county have been very large, one fire alone during the past year amounting to $5,000. It would appear from this that the town risks are much safer than those of the country.

Fruit Plentiful.—Mr. Jos. Rasin has several hundred pear and apple trees on his farm near town that are loaded with fruit, but, on account of the low price of same they are allowed to rot on the trees. He shipped a quantity last week and cleared about three cents a basket. Mr. Robert Ford says he shipped some at the same time and received a bill for freight! The hogs that run about the orchards refuse to eat the fruit that lies so plentiful about them.

Good Performers.—W. B. Nelson, the star actor on the horizontol bar, and George Boyd, the celebrated male soprano, of the Specialty Show, have contracted with the Daisy Claxton Co., and will join the troupe in Washington, Indianna, at once. These two gentlemen were great favorites in Chestertown and delighted the hundreds that attended the show by their excellent performances. "Jakey" was also a "star". He remains with Prof. Showell and left on Monday with the company for Centreville. The troupe that showed here has been together since March.

Alonza Lloyd Shot.—Alonza Lloyd, a well-known colored man of Chestertown, is lying seriously hurt in the Maryland University Hospital, Baltimore. He has but recently been released from the House of Correction and after spending a week here returned to Baltimore, where he got into a fight and was shot.

New Railroad.—Work on the Queenstown and Lewis railroad is under full headway. The preliminary opening of ground-breaking in the men and teams to their work began on Wednesday morning. Mr. Merritt, the contractor, has been busy this week with a force of hands fitting up a commissary department, and accommodations for feeding all men on the work. The tools and horses are all here, and the real business of grading for the road was begun on Monday, when a large force of hands were put to work.

The work on the wharf is progressing slowly on account of long piles being driven. Many of the piles are driven 18 and 20 feet into the ground. The cut at the creek is the centre of attraction to parties from every direction. People drive for miles to see the pile-driver and teams at work.

Mr. Merritt says the first mile of this road will take more time to make than any other mile of the road, and afer he builds the first mile, the work will progress rapidly.

Bands of strangers make their appearance in Queenstown everyday looking for work on the railroad. There are already as many new faces in town now as inhabitants, in consequence, the boarding houses are having a boom.

Cutting Corn.—Mr. Fred. Fountain gave a public exhibition of his new corn harvester Monday on the Carville farm tenanted by Mr. Clough. The test was highly satisfactory.

A Sad Drowning.—Capt. John W. Copper, son of Capt. Samuel Copper, the night watchman on the Emma A. Ford, was drowned in the Rappahannock river last week and his body brought over to Rock Hall on the Gratitude Saturday. The funeral services were conducted by Rev. J. H. McCaslin, interment at Wesley Chapel. Mr. James McCluskey, also of Rock Hall, was with Capt. Copper when he was drowned. They were sailing in a small skiff when Capt. Copper accidently fell overboard and Mr. McCluskey says he never came to the surface. This was Capt. Samuel Copper's only son and his death is quite a shock to him. He has the sympathy of a large circle of friends.

The deceased was about forty years of age and leaves a wife and one son.

Texas Fever in Kent!

Dr. Ward, the State Veterinarian, Visits and Inspects the Cases.

Dr. G. Allen Jarman, of Chestertown, was summoned to Mr. David Smith's farm, near Edesville, Monday to treat several cows. He was satisfied in his own mind as to the disease but waited for further development before announcing the same. He visited the farm on Wednesday and found a fine bull and three cows dead and four other cows sick. He then telegraphed for Dr. Ward, the State veterinary, who came at once and confirmed Dr. Jarman's opinion that the cows had Texas fever. The cows in most cases are full of ticks, have a high temperature, dry up in their milk and as the disease advances the cattle become blind, etc.

Mr. Smith's stock are supposed to have contracted the disease from a lot of Southern cattle that had been shipped to Kent and with which they had mingled. Dr. Ward ordered the cattle to be kept on the farm and not allowed to go away among other cattle or to be sold.

Mr. Nelson Stevens on the adjoining farm, has lost several cows during the past week. Dr. Jarman visited his place yesterday. The Texas fever is an infectious disease and peculiar to Southern States. It plays havoc with a herd when it once gets hold.

Prize Winners.—Mrs. Topping was the winner of the handsome oak secretary at the Specialty Show Saturday evening. Miss Nellie Jones held the lucky number that drew the doll baby at the matinee. The attendance Saturday evening is estimated at 600 persons standing room being at a premium.

Mr. Morris Bramble, of Tolchester, won the doll baby at the Catholic festival in Rock Hall Saturday evening. He guessed the name, which was Mary.

Albert W. Rivers, Esq., formerly of Chestertown, now of Baltimore, was the winner of $50 given by the New York Clothing House for guessing the correct standing of the League clubs at the end of the season. He made his guess on Sept. 12.

Wedded in Quincy. — Miss Harriet Crew, the youngest daughter of James E. Crew, a former and respected resident of Kent county, was united in holy matrimony to Mr. Arthur W. Larrison, of Hannibal, Mo., Monday evening, Sept. 16, at the home of the bride's parents. It was a twice important event, it also being the 37th wedding anniversary of the bride's parents. The young couple will reside in Hannibal, Mo., where the groom is employed in the K. Line train service.

Human Bones. — Mrs. W. Irving Walker has unearthed human bones above Round Top wharf on Chester river. Buckles, buttons, silk handkerchief, money and other articles were found and many believe that the remains are those of a gentleman of a past century.

The Sadia Whiteford Company showed in Stam's Hall Monday and Tuesday nights. Miss Whiteford is improving as she grows older and greatly pleased her audiences here. Messrs. Reynolds and Smith accorded her good support in the "Little Rebel."

A Serious Accident.

George Longfellow a student at Washington College, Whiteleysburg, met with a serious accident Thursday afternoon while riding a bicycle on Cannon street. He had hired Mr. Arlie Sparks' wheel and was riding along the side of the road, when he met a coal cart driven by Joe Jones, colored. The wheel wavered somewhat as the cart approached, and a collision occurred, the rider being thrown under the wheel of the heavily loaded wagon. A number of his friends who were watching him thought he was surely killed, but upon going to him, found his leg to be badly injured. He was carried to Mr. Jervis Spencer's home and Dr. Hines summoned. He found the young man's limb was in bad condition. Two bones were broken below the knee, but he hopes to save the limb from amputation.

The wheel was badly damaged. The driver of the cart says he did not know the young man had fallen else he would not have kept on up the street. He says he had a ton of coal on his wagon and was hauling for Dr. J. T. Twilley.

Oysters.—The oyster market has improved this week, owing no doubt in a great measure to the cooler weather. The tongers were receiving fifty cents a bushel for their catch on Tuesday. They failed to score, however, and the game resulted: Philadelphia, 8; Dover, 0. The batteries were Beam and Clements for Philadelphia, and Clark and Zearfoss for Dover. Philadelphia made eleven hits and Dover five. The playing of Higgins for the club was one of the features of the game.

One of the most exciting games of base ball of the season took place on Thursday, at Betterton. Betterton had for opponents the strong Havre deGrace team with the great Gilbert in the box. He had a good assortment of curves and speed to spare. Gilbert pitched two games last year with the Champion Baltimore team, on trial. Betterton won the game by a score of 16 to 6.
