TUESDAY, AUGUST 15!

Unveiling Ceremonies to be held at Twilight—An Event of Note for Chestertown.

Tuesday, August 15th, about 6 P. M. has been selected as the date for the unveiling of the beautiful fountain in Chestertown's new park. The speaker of the evening will be Ex-Mayor Ferdinand C. Latrobe, an orator of renown, witty and brilliant. He has promised to be present and the program for the occasion will be rapidly pushed forward.

Harrison W. Vickers, Esq., as the representative of the Ladies' Improvement Association, will make the address formally transfering the fountain to the commissioners' board. Col. William J. Vannort, president of the board of town commissioners, and who with his wife have taken special interest in the enterprise will make the formal speech of acceptance. Dr. C. A. Grise, formerly pastor of Chestertown M. E. Church, now stationed in Wilmington, through whose kindness the beautiful fountain was brought to the knowledge of the ladies, is expected to be present and participate in the exercises.

A chorus of a hundred voices with orchestra accompaniment will render several national airs while other special features of interest will be presented.

The horseless carriage will convey the speaker and pretty little Miss Smith to the park.

The camp will be under the control of the congregation of Sudlersville M. E. Church, which has made every effort towards making the meeting a success.

Millington residents will be largely represented.

The Sick About Town.

Mr. Aleck Wallen is quite ill with typhoid fever at the home of his daughter on Cross street. His niece, Miss Ollie Wallen, a trained nurse, is with him.

Miss Grace Whaland has been very ill but is now able to be up.

Miss Mollie Watts who has been quite sick for several weeks was but very little improved yesterday.

"Cody" Loud was resting easier yesterday.

Mr. W. H. McFeely is quite sick at his home on Queen street. Mr. T. E. Hayes has taken charge of Mr. McFeely's insurance business during his illness.

THE lecture by Mrs. Clara Hoffman, at Wesley Chapel last Sunday to a large and appreciative audience, was a grand, success, able, clear and convincing, every word seemed to carry power with it. A solo was rendered by Miss Ida Crew, well known and beloved in Kent; was sung with much expression.

A POPULAR COUPLE WEDDED.

Somewhat of a surprise was sprung upon the social circles this week when the announcement of the wedding of MISS LIZZIE FOWLER to MR. HUNTER P. DAVIS was announced. The ceremony was preformed Thursday morning at the home of the bride's parents in the presence of only members of the family by Rev. J. M. Gill. The room was darkened, and under the soft light of parlor lamps, the scene was made more beautiful and impressive. Prof. Howard Fowler, a brother of the bride, rendered the wedding march in fine style.

The bride is the youngest daughter, of Mr. and Mrs. Lewin S. Fowler and has been teaching school for several years at Turners Creek. Her removal from Kent is sincerely regretted having made herself useful in society and church.

The groom, Mr. Davis, came to Still Pond about ten years ago and been clerking for F. H. Harper & Son all this time. He resigned his position with Mr. Harper this week and with his bride returned to his home in Richmond, Virginia, where they will make their home. They carry with them the best wishes of hosts of friends.

TOLCHESTER IN HALF AN HOUR!

Mr. John S. Vandegrift states that he has completed arrangements for an exhibition run by an automobile between Chestertown and Tolchester Beach. The run will be made on the day of the unveiling of the fountain, which will be August 15th. Mr. Vandegrift says that Mr. Clark, of Baltimore, who will have the carriage in charge, states that the eleven and nine-tenths miles between Chestertown and Tolchester, will be made in twenty-five minutes! The carriage will be of the gasolene type, and will carry but two persons, Mr. Clark and Mr. Vandegrift. Mr. Vandegrift further states that a horseless carriage route between Chestertown and the bay will be a certainty for nekt season, and that Superintendent Eliason is backing the scheme.

Little Miss Ida Smith will be ridden around the square on the day of the unveiling.

A FINE ADDRESS.

Mrs. Hoffman, National W. C. T. U. Lecturer, delivered an excellent address at Christ M. P. Church Sunday evening on the subject of temperance to a large audience. She easily sustained her reputation as a speaker of exceptional ability. Her voice was soft and tender and at times would ring with enthusiasm. Her manner was graceful and impressive. She held the attention of the audience by her fine eloquence.

At the beginning of her address, Mrs. Hoffman made the point that every person left a legacy to their children whether they willed it or not. Not a legacy of money, of government bonds, or of bank stock, but a legacy of temper, habits, name, character and reputation. If a person leaves his children a good name, character and reputation, they will be able to proudly face the world and make their way through life even though he left no wealth.

But on the other hand, if one bequeaths a bad name and character, even though he may surround them with all the comforts of life, yet his children will be forced to bow their heads in shame. Nor is this all. The good and evil habits, traits of character and thoughts are all transmitted from parent to child. These good and evil habits and tendencies all make impressions upon the brain of the parent and are handed down from generation to generation. This is the psychological law of heredity. We inherit the physical, mental and moral deficiencies and perfections of our ancestors.

The speaker also quoted the highest medical authority in order to substantiate her argument in regard to the primary cause of lunacy and nervous disorders. She stated that these things were the result of the unclean habits of ancestry. These unclean habits are due to narcotic and alcoholic stimulants and licentiousness. To check these evil tendencies there must be an immediate reformation in the habits of parents, and the only logical things to be done with the child of the street is to change his environment, place before him a high ideal and stimulate his feeble efforts and aspirations for a nobler life. The law of environment is stronger than the law of heredity.

Chestertown is highly pleased with Mrs. Hoffman and would gladly hear her again.

Miss Bertha Stone, of Baltimore, a guest of Mr. and Mrs C. S. Smith, delighted the audience with two well-rendered and pretty solos.

Public Sale of Town Property and Farm.—John D. Urie, Esq., of Chestertown bar, as assignee of mortgage, advertises in this issue of the NEWS several dwellings and store house in Church Hill and a farm near Price's station, Queen Anne's & Kent Railroad—the property belonging to Mr. Samuel G. McCollister, who consents to the sale and desires that it bring its full value. See ad. for particulars.

Prof. Weber's Brass Band and Galena's Brass Band. We care special attention to the Departments for Kent and Queen Annes only. Trials of speed each day. Special arrangements made to care for teams. No Fancy prices charged here. Come.

Exhibits.

13. Exhibits must be in place 10 a. m. Tuesday, August 22nd, and shall not be removed before three p. m., Friday, August 25th, under forfeiture of all premiums which may have been awarded to any person so offending.

Rules and Regulations.

Entries.

1. All entries will be free, except in Races and Poultry Department, but ten per cent. will be deducted from all premiums which may be awarded.

2. The office of the Society on the Fair Ground will be open after August 1st, for the reception of entries and arrangement of space for exhibits.

3. The Entry Clerk will register every exhibitor, assign himself a number, and will issue a tag for every entry made, which tag will show the entry number of exhibitor, and must be shown with the article or animal to which it belongs, and no premium will be awarded without the tag.

4. Exhibitors will confer a great favor by by making entries, as far as possible BEFORE THE FIRST DAY OF THE FAIR, by sending descriptive list to the Secretary. All entries must be made in writing, no verbal entries will be taken, Blanks furnished on application.

Hints to Exhibitors.

1. Save yourself and the Secretary trouble by sending your entries in ahead of the Fair, at least a week. The Secretary and all clerks are on the grounds all during the Fair week.

2. Application for space does not make your entry, and where entries are made by mail, you must call at the office and get your tags. Neglect to do this may lose your premium. The tags are always ready for you.

3. Always give of animals, 1, age; 2, sex; 3, pedigree, if any. We can make no entry on a statement that you want to show a horse at the Fair and yet many people expect to have tag ready on just such entries.

4. Always say how many stalls you want, and give the smallest number you can get along with, and what you want them for.

5. Everyone makes mistakes, we do, but we will correct them cheerfully if it is our fault, but you must not blame us if you rely on what people say you ought to do. If you are in doubt, come to the office and find out. The clerks are paid extra to answer questions. Take no advice of anyone but the officers.

6. Be sure your entry blank is made out in the name of the person you want the premium awarded to. Checks in payment are sent to the person whose names is on the entry blank.

7. Don't ask officers to attend to exhibits, because they have something else to do. Attend to them yourself, and if anything is wrong you know who to blame.

8. Don't blame the officers too much, if the judges, superintendents, etc., are not on hand at exactly the appointed time, but keep your attendants, stock, etc., where you can get at them when wanted. There is a great deal to be done in very short time, and mistakes, will be made sometimes.

9. Teach your cattle to lead before you bring them. They will have to come out to the judge, and often premiums are lost because cattle are not gentle, and hard to lead or drive and wild. It only takes a few times being led out at home to halter-break, and it may save you mortification as well as money.

10. All feed furnished will be charged for.

11. The success of the Fair depends on you. The Board of Managers will do all they can to make you comfortable and to make the Fair a success, but they CANNOT DO IT ALL.

STICK TO THE FAIR YOURSELF AND TALK TO YOUR NEIGHBORS ABOUT IT.
