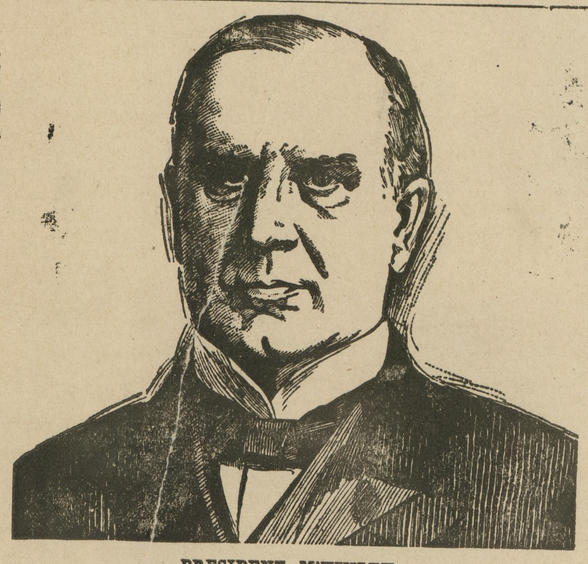
SHOT!



PRESIDENT M'KINLEY.

He was assasinated this Friday evening at Buffalo Exposition.

A dispatch to the News says that he was shot about 4 o'clock and was carried to the Hospital.

One bullet was extracted but our message says he was not expected to live through the night.

Frederick Neaman, a Socialistic crank, was in line to greet the President. When about to shake hands the culprit shot him in the stomach.

The Whole Nation Mourns !
