Crane & Valliant's Boat Swamps near Bogle's With 12,000 Baskets on Board—Yachts Off Betterton, Etc.

The schooner "Daisy," Capt. George Carey, went down off Mr. C. C. Wood's farm, near Bogle's wharf, on Monday night. She was loaded with 12,000 peach baskets, consigned by Crane, Hynson & Valliant to Annapolis. The schooner Jesse Irving was sent to her relief Tuesday, and the Chestertown firm think they can save most of the cargo. All on board took refuge in the small boat and reached shore without any mishap. Capt. Carey lost his money and all his belongings.

There were three steamers at Chestertown Tuesday. The "flagship" Corsica arrived looking as fresh as a bride, with her popular captain, Wm. Vandyke. The B. S. Ford landed over a hundred passengers here Wednesday, three-fourths of whom were women.

About 80,000 feet of gum timber for peach baskets was received by Messrs. Crane, Hynson & Valliant this week from the Roanoke river.

Vivian Phillips & Co., vessel brokers, have sold the bugeye Bessie M. Lewis, of Baltimore, for Charles Durm and C. R. Dukes, to J. Page Gale and J. R. Joiner, of Kent county. The Lewis has a record for being a speedy craft. She was built in Baltimore in 1897, is 27 tons register and 55 feet long.

C. C. Paul & Co., as agents for Capt. G. Frank Seward, have sold the schooner Eddie to C. R. Dukes, who will continue her in the bay trade. The Eddie has been a very successful vessel. She was built in Dorchester county, Md., in 1874, is 119 tons register and 104 feet long.

The Corinthian Yacht Club anchored off Betterton this week, and last night the yachts were to have been illuminated. This morning the fleet will go to Havre de Grace, returning to Betterton in the afternoon. The following will take in the course:

Commodore W. H. Umbach, in his power launch, Corinthian.
Vice-Commodore William H. Evans, in his steam yacht Chilhowee.
Rear Commodore W. H. Saller, in his yawl Notus.
N. Tip Slee, in the power yawl Rambler.
H. W. Meredith, in knockabout Yola.
P. W. Hemsley, in sloop Wye.
W. E. Heiser, in sloop Mascotte.
L. F. Dietz, in sloop Eleanor.
R. B. Hall, in power launch Genesee.
J. W. Struven, in sloop Idlehour.
H. J. Volker, in sloop Almeda.
William Zaccharias, in sloop Narina.
Edward J. Shriver, in power sloop Lygia.

POSTPONED ACTION

Upon Request of Proposed Trolley Lines Commissioners Defer Action Until July 22nd.

The County Commissioners Tuesday heard representatives of the two proposed trolley roads that are seeking a right-of-way over the public roads of the county. Hope H. Barroll, Esq., represented Philadelphia capitalists and put in his request in writing, as follows:

TO THE HONORABLE THE BOARD OF COUNTY COMMISSIONERS OF KENT COUNTY.

GENTLEMEN:—Application was on June 17th, 1902, made by me in behalf of Charles H. Barritt and others of Philadelphia for the purpose of securing the right of using such portion of the public roads from Chestertown to Tolchester, and from Fairlee to Rock Hall, as might become necessary to construct a trolley road to one or both of said places.

The gentlemen who have the project in charge have advised me that their financial arrangements are not yet quite completed.

In order that my position in the matter and the intentions of my clients may be made known to you I think it proper that this statement should be made public to the Board in order that they may act with such knowledge as I have upon the facts.

They assure me that by July 15th they will be prepared to submit their charter and to place in the hands of Mr. Thomas W. Eliason the sum of Two Thousand Dollars ($2000) cash as a guarantee of their good faith in building said road on or before January 1, 1903.

I therefore respectfully ask that your Honorable Board will take no steps today to grant the right to use said public roads before the 15th day of July and then only to such corporation or body of individuals as shall offer the best cash guarantee of a speedy construction of said road to the points designated.

Very respectfully yours
HOPE H. BARROLL.

The board promised Mr. Barroll that his request to defer action would be granted.

J. D. Urie, Esq., accompained by Senator McCullough, of Cecil, Judge Cochran, of Wilmington, and others interested in the Kent and Cecil Company went before the board at noon and asked that they defer awarding the franchise until after Thursday, July 17th, upon which day they will hold a meeting in Chestertown. The Commissioners thereupon decided to act fairly with both roads and defer final action until Tuesday, July 22nd, when plans are expected to be matured and an award made. The prospects for a trolley road in Kent is brighter today than it has ever been.

Fell From Tree.—Keene Horsey, the youngest son of the late T. H. Horsey, of Galena, met with a painful and serious accident last Sunday. He fell from an apple tree some twenty feet high and was severely bruised, his leg being broken and his hip and side badly bruised. He is doing as well as could be expected. Being quite young, it is hoped he will get over it without being crippled permanently. He is being attended by Dr. Latimer.

FARM NOTES.

Threshing Wheat in Kent—Shipment of Peaches—Corn Jumps to 78 Cents In Chicago—Alfalfa Hay Sold for Horses, Etc.

H. M. BROWN was paying 75½ cents for new wheat yesterday.

Threshing rigs in Kent county have been in operation the past week and the general verdict so far is that wheat is turning out well in comparison to the amount of straw. Mr. Charles M. Brown, near St. Paul's, got 1500 bushels where last year he got over 2,000.

Henry Stewart on Mrs. Stokes' farm had in 35 acres from which he got 550 bushels.

John Rice, near Fairlee, had 30 acres from which he realized 580 bushels.

Wm. Smith, Smithville, realized the biggest yield up to date. He got 45 bushels per acre off his fallow and about an average of 30 bushels off all.

Harry Jones got about 20 bushels to acre.

Mr. R. R. Hatcherson got 30 bushels to the acre off one field and a general average of 21 bushels.

Jos. Fowler, Worton, also got about 20 bushels to acre.

Johnny Smith, near town, got 20 bushels to acre.

The Gratitude carried 50 baskets of early peaches to market Tuesday from Rock Hall. Messrs. Johnny Brice, T. R. Strong and others made the first shipments and received $1 and $1.22 per basket.

Messrs. McIntyre & Hodgkins had peaches on sale in town this week. They came from Henry Stewart's in Queen Anne's.

The steamer Kitty Knight, George Tarbutton captain, carried 30 baskets of peaches to Baltimore Monday from Gale's Wharf.

The speculators ran the price of corn up to 78 cents at Chicago Tuesday, and operators in the stock exchange predict that it will be forced up to $1.00. All the farmers of Kent county want is for it to stay up until after the growing crop is harvested. One farmer near town has 500 bushels and another has 1200 bushels which they are holding until August. Heavy rains over the entire Middle West have caused millions' of dollars damage to the grain crop.

Mr. W. F. Allen received a check for $8,522.94 last week, in payment for that part of his strawberry crop that was shipped to Boston. Mr. Allen's strawberries this season were very profitable. He grew an average of 5082 quarts per acre on eleven acres at the "Egypt" farm, in Somerset.

The first lot of alfalfa hay sold in Chestertown was received at the stables of Dr. H. Benge Simmons on Tuesday. It was grown by ex-County Commissioner Jos. R. Usilton, and was a clean and fine lot of grass. It is said to be a nutritious provender for horses. Mr. Usilton sowed a bushel of seed on five acres and has cut it twice, harvesting over twenty-one wagon loads. He expects to cut it once more. Mr. Walter Morris has two acres which is doing finely.

The NEWS wrote to our Md. Agricultural College to know the relative value of this hay and yesterday received the following answer:

I do not think that there is anything that will prove of more value to the farmers of the State than the preparation of a small amount of land for alfalfa. There can be no question about the fact that alfalfa hay is a superior of timothy and clover, in as much as it is possible to cure it much better than the latter. Its nutritive ratio is of such a character that it can be fed to horses alone, without the addition of grain when not at very severe work, and they keep in excellent condition on the same. I should say a ton of alfalfa hay well cured, is worth at least 33⅓ per cent. more than either of the the other hays mentioned, if the feeding value is considered.

R. W. SILVESTER.

Sale of Property.—Auctioneer Greenwood for Wm. W. Beck, Esq., attorney, on Tuesday sold at public sale the Wilkie farm, located near Bond church in Quaker Neck, to Mr. Henry Porter for $23.50 per acre. This farm contains 171 acres making a total of $4018.50. Nine years ago this same farm only brought $1700.

Mr. James W. Chapman has purchased at private sale of Mr. and Mrs. Edgar Price the farm near Lynch's Station heretofore tenanted by Mr. Enoch A. Moffett for $2800. This farm contains fifty acres of fine land and adjoins Campbellsworthmore. Mr. Chapman's new purchase puts him in posession of 975 acres of excellent land, all in one block. Mr. Samuel Mann and son, Mr. J. W. Copper and Mr. Moffett are the efficient tenants of this land.

Mr. Wm. H. Cahall, near Price's Station, has sold his farm to Mr. Albert E. Thawley for $3,500. Mr. Thawley will move there next year.

The Centreville National Bank on Tuesday sold the Palmer farm, on Kent Island, to Mr. W. L. Palmer, for $7,000. Mr. Palmer has been living on the farm for a number of years.

A VERY PECULIAR freak of nature in the shape of a white potato growing through a bone and shaped like a pig was left at the NEWS office by Mr. Romie Crouch, of Piney Neck, this week.

DEPOT SITE ON CROSS STREET?

Arrangements have been made to comply with the terms of the railroad company and the matter will be definitely settled next week.

4TH OF JULY IN TOWN.

Chestertown celebrated yesterday in a most pleasant manner. Flags were thrown to the breeze, and the Opera House Band, under Prof. John C. Cannon's leadership, furnished excellent music in front of the NEWS office and at the Loud House. Picnic parties camped along the Chester and hundreds spent the day at Tolchester. No accidents had been reported at the time of our going to press.

A TERRIFIC WIND.

Chestertown and vicinity was visited by a terrific windstorm Thursday afternoon. Large trees in front of Chapman & Lambert's, G. B. McWhorter's, Col. Josiah Massey's and elsewhere were blown down and Mr. Walter Morris' 30 foot silo wrecked. Steamers on the bay had a rough trip and passengers considerably scared.

Captain John Vickers' schooner was caught in the blow and the wind broke her gaft and blew her mainsail away. Two of the men on the boat were hurt considerably.

DEATH'S DOINGS • • •.

Capt. Anthony Rebold died Wednesday morning at his residence, 610 West street Wilmington. He had been in failing health for some time, although his death was not looked for so soon. Capt. Reybold was a son of Major Phillip Reybold and was born August 25, 1819, on the present site of Delaware City. Since 1847, he has been interested in steamboat transportation on the Delaware River. The steamboat Major Reybold, now running between Philadelphia and Salem, was at one time owned and operated by his father.

Mrs. Martha H. Durding, wife of Mr. Benjamin R. Durding, died at her home in Rock Hall Sunday afternoon after an illness of several days of paralysis of the stomach. The deceased was born July 16th, 1833. She leaves a husband and five children, viz., Wm. P., Ella N. wife of Judge Samuel Burgess, James M., Lee A., and T. Benj.. Durding. The funeral services were held Tuesday conducted by Rev. J. W. Talley assisted by Rev. James L. Elderdice, interment at Wesley Chapel cemetery. The pallbearers were Messrs. Wm. P., James M., Lee A. Durding, Samuel Burgess and Elwood Burgess.

James W., the infant son of Jas. W. and Annie B. McCreary, died Thursday morning, July 3rd, at 7.30 o'clock. Funeral services at the home July 4th, at 4.30 p. m. Interment in the Episcopal cemetery.

BANKS DECLARE DIVIDENDS.

The annual meeting of stockholders of the Kent County Savings Bank was held Tuesday, resulting in the selection of the following: John K. Aldridge, president; M. A. Toulson, vice-president; John D. Urie, Esq, Senator James H. Baker, Dr. W. Frank Hines, R. T. Turner, Jr., Fred G. Usilton, J. D. Bacchus, C. S. Smith, W. W. Beck, Esq., R. H. Hicks, James A. Casey, directors. A semi-annual dividend of 3 per cent was declared and $1166 added to surplus making a total of $14,133 32 in undivided profits. In another column will be found facts that will appeal to every reader. They offer to pay 4 per cent on all money deposited for a calendar month, besides other features that will be explained upon inquiry at the bank.

The Chestertown National Bank declared a semi- annual dividend of 3 per cent and added $1836.30 to undivided profits which evidences thrift.

The Second National Bank will declare a dividend next week.

The Queen Anne's National Bank, of Centreville, declared a semi-annual dividend of 3 per cent. clear of taxes and carried $1,000 to surplus fund.

The Centreville National Bank declared a semi-annual dividend of 6 per cent. clear of taxes and carried $10,000 to its surplus fund.

THE Kent county Treasurer's office formally passed from Republican into Democratic hands Tuesday. Treasurer Charles S. Smith made his final report and Deputy Treasurer Whittier C. Copper was formally sworn in, and the new Treasurer, Jesse R. Copper, is now in full charge. Mr. Copper's place, however, is being contested by Mr. Robert R. Hill.

THE Wilmington Business College will open September 1st. See adv. Had 150 students last year.
