Snakes.—Mr. Milton Baker killed a large snake in his closet at his home on Mill street one day last week.

A very unwelcome visitor was found at the home of Ollie Clark in Earleville, a few days ago. As Mrs. Clark opened the door to the clothes press in her bedroom she discovered a huge blacksnake among some clothing. She called for help and Harry Clark ran upstairs and killed the reptile, which measured nearly five feet in length. Just how the snake got in the house is not known.

A Pleasant Surprise.—Messrs. Walter and Herbert Fletcher, brothers of the late Sheriff Thomas J. Fletcher, bonded before the Orphans' Court for Kent county as administrators for $400 estimating his personalty at $200. Upon inquiry and investigation they were amazed to find $7,800 deposited in the Chestertown banks! They bonded last Tuesday in the sum of $16,000. These two gentlemen will fall heir to this snug sum.

New Deputy at Postoffice.—Mr. Wm. H. Brown has been appointed to the position of deputy in the Chestertown post-office and will enter upon his new duties next Monday. This new position is made possible by the increased business of the office and Uncle Sam has allowed Postmaster Thomas two deputies. Mr. Brown is an intelligent, affable and capable gentleman and will fill the position with credit.

Elected Cashier.—Capt. Cecil R. Atkinson has secured for Mr. William Walter Chapman, of Chestertown, the cashiership of the Jennings Real Estate and Trust Co., corner Dearborn and Adams streets, Chicago, the capital and surplus being $500,000. Mr. Chapman entered upon his responsible duties Monday and has a dozen or more assistants. He was also elected a director of the institution. There is a bright future for the company, the deposits on August 1st being over a million and with the promise of being increased to ten millions by January 1st. The salary has not been made public but is reported to be between five and ten thousand per year. Mr. Chapman is thoroughly competent to fill the position but his host of friends here regret his removal. He expects to remove west about Sept. 1st.

Base Ball.—Mr. John S. Vandegrift has made arrangements for a game of ball on College campus between the Nebraska Indian team and a club to be selected from one of the following: Chestertown, Betterton, Sudlersville, Millington, Kennedyville, Centreville or Crumpton. Mr. Vandegrift will be glad to hear from these clubs as to their record and ability to meet the Indians. In 1905 they won 165 games and lost 27. Watch for street parade.

The Chestertown team on Saturday defeated Sudlersville in a fine game by score of 8 to 4. Rolph and White were the opposing pitchers.

Fine Sport.—Ex-Justice T. D France in company with guests, Robert E. France and Charles E. Mereken, Esqs., of Baltimore, and under the pilotage of that well-known waterman, Capt. Alfred Palmer, enjoyed fine fishing down the river opposite Judge France's farm. Capt. Palmer says, "On Friday they landed 23 pan rock, each of which measured not less than 12 inches, besides a nice number of fine white perch. Just as we were compelled to leave the grounds, Counsellor R. E. France landed a rock that measured 23 inches. The Judge remarked: "Robert, I taught you how to fish, and I can not allow you to excel me in fishing and almost immediately landed a white perch that measured 14 inches. On Saturday we secured a fine lot of rock and some nice white perch and our friend, Mereken, who was entitled to the booby prize on Friday landed a rock that measured 20 inches."

The company will have a capital stock of $5,000 and is formed for the purposes of conducting a general laundry business in Chestertown. CONVENTION NOTES.

Kennedyville M. P. Church promises to be the mecca for hosts of young people, especially Christian Endeavorers, on Wednesday of next week, August 8th, it being the occasion of the annual convention of the Kent County Christian Endeavor Union.

The committee having in charge the program for this convention, published in our last issue, congratulate themselves that the outlook for successful and enthusiastic convention is most promising indeed.

In addition to the list of speakers published previously the committee have invited Rev. E C. Makoskey, the popular pastor of the Buckeyestown M.P. Church and Mrs. A. Suter, State Junior Superintendent, to take part in the program.

The convention opens at 9.30 a. m. with "Enrollment and Informal Greetings," and it is earnestly hoped that all the endeavorers of the county will be present not later than 10.00 a. m., the time fixed for the first "Song and Praise Service." Some of the most interesting and striking features of the day will be the addresses of the lay endeavorers on "The Problems of the Local Society;" the "Junior Rally," in charge of Mrs. C. J. Reiche and Miss Mayme Thompson; the "Talk on Junior Work," by Mrs. Suter, State Superintendent; solos, by Rev. E. D Stone and others, and the addresses of Bros. T. D. Bowers, Revs. E. D. Stone, J. M. Sheridan, W. S. Phillips, E. C. Makoskey, Dr. Greenfield, George J. Hooker and Mr George Medders.

Lunch will be served by the Kennedyville Endeavorers in the town hall, the supplies being furnished by all of the endeavorers of the county, who carry their baskets of "good things" and hand them over to the lunch committee of the local church. This is one of the best social features of these popular conventions.

The public are cordially invited to attend and enjoy the worships of the day as well as the hospitality of the endeavorers of the county.

A Camp meeting will begin to-day in Klinefelter's Grove, near Chestertown and continue until August 13th. The object is the salvation of souls and sanctification of believers. Mr. A. F. Wiggins will be glad to furnish information. Miss Etta Gibson will have charge of the music.

Miss M. Julia Thompson sang two pretty solos in Christ Church Sunday.

Rev. J. M. Sheridan will attend Milton Camp, near Rehoboth, Sunday, there will be no preaching at St. James nor Lynch's.

Rev. C. T. Denroche announces Sunday services to continue in St. Paul's and I. U. as usual

The services at Christ Methodist Protestant Church Sunday will be made doubly interesting by special music by visitors. Miss Alice Coduke, of Brooklyn, Miss Coe Thompson, of Harrisburg, the young people's choir will furnish the music.

MILKING BY MACHINERY!

Mr. Walter T. Morris, of near Chestertown, has installed a Fairbanks gasoline engine purchased of Mr. Wilbur Eliason, Jr., by which power he will milk his large herd of cattle. Mr. Morris supplies Chestertown with hundreds of gallons of milk and the time and labor required to milk the cows has been his greatest concern. By this new method the work can be accomplished within one half the time.

A rubber hose is attached to the cows and a can set at intervals so that the milk is pumped from the animal into these receptacles by the force of the gasoline pump. It is quite a curiosity to see the milking done by machinery. Some cows object to the method but Mr. Morris hopes to get his whole herd accustomed to the change within a short time. He has about 40 cows to milk requiring several men three or four hours, but with the engine and pump the work may be accomplished within an hour!

County Commissioners Grant Privilege to Cross Public Roads—Rights of Way Secured.

Aiva A. Lamkin, Esq., counsel for the Kent Traction Co., was before the Kent County Commissioners Tuesday and secured the privilege to cross the public roads of the county at certain places. Mr. Lamkin says the road will be financed by New York capitalists, and that the necessary funds have already been subscribed. It is to be absolutely independent, having no connection with either the Pennsylvania Railroad or the Tolchester Company, which operates the steamboat line to the resort.

The Kent Traction Company has a capital of $200,000, and will issue a like amount of bonds. It proposes to have a line in operation between Chestertown and Tolchester by Thanksgiving. The route selected is about eleven miles long, and as soon as the road is in operation it is proposed to construct a branch from about Fairlee to Rock Hall, where the Company owns a wharf. This branch will be about seven miles long. Practically all rights of way have been secured, and a site procured for a power-house at Fairlee. The company expects to do a large freight business.

Blind Man on Commission.—Gov. Warfield has recently appointed George W. Conner, a teacher in the Maryland School for the blind on commission to investigate the condition and need of the adult blind of the State. Mr. Conner is an energetic, self-supporting blind man who is now making an active canvass of the field, spending some days in this county, ascertaining the names, addresses and conditions of all citizens and children in the county who are blind, deaf and mute. He will canvass the entire Eastern Shore this summer, representing the Maryland School for the Blind in Baltimore City and the Maryland School for the Deaf in Frederick. These are well established free boarding schools for blind and deaf children, including those whose sight and hearing are so defective as unable to attend the public schools. Up to date he has found nearly a hundred adult blind and 30 blind and deaf mute children who are availing themselves of the opportunity to attend one of the schools which the state has provided for them. If any of our readers know of a case they will kindly bring it to the attention of Mr. Conner whose summer address is Marion, Md.

A Fellow Citizen of Kent.

The following article concerning one of the best known former citizens of Chestertown will be read with pleasure by his host of acquaintances in Kent:

In answer to numerous inquiries from various courses it affords the "Financial and Commercial Review" great and sincere pleasure to testify to the personal worth and praiseworthy characteristics of Mr. J. Washington Thompson, who has been prominently identified with the business interests of Philadelphia for years as a coal operator, trading under the title of the Thompson Coal and Coke Company, with offices at Nos. 1514 and 1515 Land Title Building.

His Chesterfieldian manners and open and liberal hospitality at once betoken the Southern birth of Mr. Thompson. Ever of a jovial disposition, he has a courteous greeting for with whom he comes in touch, who are strugglers with adversity, and particularly the poor women and children, of this city, who have a valuable friend in Mr. Thompson. It is his heart's delight to spread the sunshine of happiness wherever gloom exists, and this he does so as to obscure his personal instrumentality. How much good Mr. Thompson has done the world will never know. It is a great pity for Philadelphia to number among its citizens a philanthropist of such illimitable generosity and such insistent diffidence to be not well known. He is a self-made man and the credit for his notable success in business life belongs solely to himself.

He makes it a study how he can lighten the tasks of the working classes and his mind and purse are ever at their service. Among other projects he was the originator of the plan to increase the motormen and conductors of the Traction Company, commonly known as the "Exchange and No Change System," consisting of paying ten cents for exchange tickets, the surplus above the prescribed price to be retained by the company's employes.

Outings to points on the Delaware river and other nearby districts for the young and aged in humble circumstances are constantly taking place under the personal supervision and at the sole expense of Mr. Thompson. During the course of a year at least ten thousand persons in this way share in the bounty of this noble gentleman.

He is best known to his intimates as Captain Thompson, a title that he has held since 1869. He is known to every one as a man whose honor is dearer to him than his life, and his word is as good as his bond. To know him is to love and respect him. A countless number who have not personally known him and may never share in the pleasure of his acquaintance, yet he has unconsciously to them been their friend and benefactor.
