VOL. 69. CHESTERTOWN MD., SATURDAY, NOVEMBER 2, 1907. NO. 22

?

## What's the Reason?

The fall season has opened up with us with a very decided increased activity over all former season's selling.

We are not a proud stuck up store, but we can't help but think that our merchandise is a little superior to the average one, hence the season for us capturing so many new customers (holding on to our old ones) and resulting into an increased volumn of trade.

WHAT'S THE REASON?

We think our Suits fit a little better—we think our prices are a little lower, consistent with high-grade merchandise. We think our goods are a little better and more carefully bought. We think you can get a little better all round treatment here than you will be accorded elsewhere.

We think if you will visit our store and take a look through our stock of Suits for Man and Boy, that we will be able to register you up as another, added to our list of new customers this season.

Our Hat, Underwear, Gloves and Hosiery Departments are always at the highest standard of excellence. You are always welcome at our store.

J. D. LUCAS.

A CARD OF THANKS.

I wish to thank my friends and neighbors for their quick response to the fire at my place last Thursday night, October 17th, and for their determined and successful fight in extinguishing the fire; for had we been ten minutes later I don't believe we could of ever got it under control. The smoke was almost unbearable, but there was not a man backed and it was wonderful the way you worked under such circumstances, cool, quick and successful. Again thanking you all most sincerely, I remain W. A. POTE.

---

G. E. NOLAND, ESQ., says he has been over the 5th and 6th districts in Kent and finds the Democrats lined up for the ticket. He says lower Kent will give one of the biggest majorities for the Democratic candidates in many years.

---

GOV. WARFIELD addressed a splendid audience of white men and ladies in Stam's Hall, Monday afternoon upon the issues of the campaign and no doubt did much good. Among other things he highly commended the Democratic local candidates and the judicial nominees. Of the State ticket he said: "Austin L. Crothers will be elected, my friends, and he will make you a better Governor than I have been. I know Crothers well. I appointed him Judge, and lawyers and laymen alike testify to the ability, fairness and impartiality with which he discharged the duties of that high office."

---

### HARD UP!

THE Republicans are certainly hard up for campaign material when their organ goes to charging—as it does in its last issue—the Democratic legislative candidates with being unsound on the temperance question. All three of these candidates have the perfect confidence of all who know them; they are among our best citizens and if they cannot be trusted on the whiskey question then no man in the county can be. This is well known, and all reflections to the contrary are most ridiculously false.

---

### BOTH SIDES ARE TRUE.

The Republicans are doing their utmost to sow dissensions among the Democrats, their favorite theme being to question the fealty of one faction to the other's nominees. How desperate has been the effort to show that the "regulars" will not be true to Mr. Harry Davis, and that certain "antis" are going to cut Mr. Slay or some other nominee. What we want to say is this: There is no foundation for any suspicion on either side. The anti-organization people appear to be earnestly for the whole ticket and we believe *they will do their whole duty by every nominee.* And Commissioner Davis, in the Second district, will receive the full and earnest support of every "regular." *We have yet to hear of a single one who will cut him.* All the talk to the contrary is only by simpletons or mischief makers.

No, thanks to the wise heads, the party presents a united front and, a grand victory will be the result.

---

### A CORRECT OPINION.

Governor Warfield in his speech Monday placed especial emphasis upon the necessity of electing Judges Adkins and Hopper. Both of these men are appointees of his and he asked that they be re-elected. Following that the Governor went right down the line of the county candidates and, with a word of commendation for all, ended that portion of his address with a masterful appeal for the countians to bury any factional differences which might exist, forget it all in the thought that they were all Democrats and get together and elect the whole ticket.

He also said: "*Any man who entered the primary contest and then refused to support the successful candidates lowers himself in the estimation of men and proved himself unworthy of being called a man!*"

Vote for every nominee on the Democratic ticket. They are clean men.

---

## COURT ADJOURNS.

The Circuit Court for Kent county adjourned Tuesday after a session of only five days. This is a record breaker and it is hoped this may continue.

Court met Monday with Judges Adkins and Hopper on the bench. The entire day and evening sessions were occupied with the trial of Joseph Francis, colored, for murder of Alfred Blake. Jury trial, verdict, murder in the second degree. Beck for state; H. W. Vickers, Jr., for defendant. The court sentenced the prisoner to 18 years in the penitentiary.

State vs. Harrison Tilgham for larceny of corn. Tried before the court. Verdict guilty and sentenced to the House of Correction for 12 months. Beck for State; J. D. Urie for defense.

State vs. Henry Johnson, charged with violation of local option law. State admitted plea of not guilty because one of State's witnesses had become hostile witness, claiming he gave the money to Julia Johnson. Julia Johnson was arrested Wednesday and is held for action of next grand jury.

Resolutions of respect on the death of Richard Dunn Hynson, Esq., were reported by Messrs. Marion DeK. Smith, Lewin W. Wickes and W. W. Beck on behalf of the bar which were impressively responded to by judges Adkins and Hopper.

The appeal cases will come up today.

---

MASON—FOX.

Miss Mary H. Fox, danghter of Mrs. Samuel H. Fox, and Mr. Bradford Mason, son of Mr. and Mrs. R. B. Mason, Waverly, were quietly married in Philadelphia, last Wednesday. It is stated by the family that Mr. Mason had gone to Philadelphia on business and that Miss Fox met him there by appointment.

---

Mr. Henry Lewes, of Denton, sold at public auction last Saturday the John Walters property in Sandtown, the purchasers were the Creamery Stock Co. and Mr. Nat Clough.

---

## TO LEASE THE BEDS.

"IT IS THE PURPOSE OF OUR PARTY, if the next administration is a Republican one, to do this for the oyster industry of the State: WE WILL LEASE THE UNPRODUCTIVE AND BARREN BEDS TO PRIVATE INDIVIDUALS."

This is an extract from the speech of Mr. Gaither of Baltimore on Thursday night last as published in the American.

Oystermen of Kent! Read the above—note every word. Gaither says it is THE PURPOSE of his party to LEASE THE BEDS. We give his exact language.

---

A ROUSING MEETING was held at Betterton Wednesday night and the Democrats there are in fine condition for the fray.

---

EX-SENATOR W. T. HEPBRON, the "Old Democratic warrior" of the Second district, was in Chestertown last Tuesday and talked freely of the outlook in the county. He said he was doing the best he could for every man on the Democratic ticket and he has no doubt of the success of the whole ticket from Crothers down to the bottom. He was in Rock Hall last Saturday and says he personally advised his many friends in that district that the oyster tongers' interest can only be certainly cared for by the success of the Democrats.

---

### A SOLID BLACK VOTE.

There are 1522 colored voters registered in Kent and these voters will go to the poles as one man and vote the Republican ticket. Just think of it! A solid block of black voters arrayed against the Democratic ticket, and yet we are taunted with drawing the color line. *It is this negro solidity that makes the color line.* And so long as this is the case the white voters should be as solid on the other side. The one condition demands the other.

---

### A SAFE COURT.

What is more important to the people than a safe judiciary? Nothing. Our homes, our property, and our very lives are only secure in the administration of an honest and efficient judiciary. Everybody knows that we have such a bench in Messrs. PEARCE, ADKINS and HOPPER. Who can say what influences might control Warburton and Towers—both of them active politicians and both under special obligations to the hordes of negro voters who have elevated them? The citizens of this county will certainly see to it that our experienced and safe Associate Judges are re-elected.

---

### GOOD NEWS FROM BALTIMORE.

A former Kent countian now living in Baltimore writes the following encouraging letter to the NEWS: "Baltimore from all indications will give the Democratic ticket a handsome majority. I hope and trust old Kent will do likewise. Four years ago Kent was the first county heard from here. Let her do it again. The KENT NEWS is giving the people some good advice. Every man in the State should vote for Hon. John Walter Smith, for his Free School Book Bill. Thousands of children are getting an education today that never would have gotten it if it had not been for him."

---

### MORE PERSONAL ACCOUNTS.

Here are a couple more of Second district personal road accounts under the Republicans. We do not charge that there is anything wrong in any of these accounts, and would not publish them but for the attempt of the Republican organ to arraign Democrats for such favoritism:

| | |
|---|---|
| H. A. Meredith, from August 19, 1902 to November 17, 1903 | $711 50 |
| H. D. McCleary, from June 3, 1902 to Nov. 17, 1903 | 938 70 |

We gave in our last issue quite a number of such accounts—all of them clearly stated, with the exact dates showing the length of time they covered. We might give others but these are enough to show that the Democratic commissioners are far behind the Republican in personal road favoritism.

## WEDDING NOTES.

MORFIT—HARRIS.

Miss Mary Louise Harris, daughter of Mrs. Spencer Harris, 1430 John street, and niece of Cashier Allan A. Harris, was married Saturday evening to Mr. Mason P. Morfit at St. Bartholomew's Episcopal Church, Baltimore. The ceremony was performed by Rev. A. Page Dame.

The bride entered the chancel of the church on the arm of her brother, Mr. Spencer Harris, who gave her away in marriage. She was met by the bridegroom, with his best man, Dr. John C. Morfit. Miss Ellen Dale McMaster was maid of honor.

The bride wore a gown of white messaline and carried white roses. The maid of honor carried chrysanthemums. Messrs. Richard T. Naylor, William R. Naylor, of Washington; Paul G. Brooke and Richard S. Jones were ushers. The church was beautifully illuminated and was decorated with palms and cut flowers.

A reception followed the ceremony at the home of the bride, after which Mr. and Mrs. Morfit left on a wedding trip. On their return they will live at the Albany.

It is a sober man's ticket.

Don't be tempted to take a drink.

Vote early.

## SURE OF VICTORY

### White Men Aroused By Republican Speakers Who Address Colored "Gentlemen" and "Ladies."

One of the prominent leaders in the Republican party who has been attending the colored "schools" in one of the "black" districts remarked to the NEWS man this week that the REPUBLICANS ARE BEATEN!

There are 2870 white voters and 1532 colored so that the issue becomes one of white men versus black. The Republicans have named their strongest men, but, as the following record shows they can be beaten.

Senator Foxwell beat Hon. James H. Baker 1869 to 1679.

Capt. C. R. Atkinson beat Mr. Thomas W. Trew 1846 to 1672.

Mr. J. Ellwood Morris beat Mr. John C. Davis 1868 to 1698.

C. B. Dudley and A. C. Loud got 1828 and 1867 votes to G. M. Haddaway and L. P. Atwell's 1634 and 1653.

Every white man has it in his power to help his fellow-citizen and neighbor by voting the full Democratic ticket and be enabled to join in the grand victory.

---

### COLORED "GENTLEMEN."

According to reports from various parts of this county, the Republican orators are arousing much enthusiasm among the colored "gentlemen" to who they are making "ringing" speeches and appeals for votes during these closing days of the campaign. A sample of these speeches comes from a Republican Legislatureman who fired the African heart by his stern denunciation of the "Jim-Crow" law. He was in the Legislature, he said, when it was enacted. He voted against it, and is always ready to vote for its repeal. He is against it now, and has always been against it.

The speaker has no objection to sitting alongside of colored "gentlemen" or colored "ladies." He has become habituated to it at his party conventions and his political meetings. "Another thing," said he to his enthusiastic audience, "the law classes all colored people as one, and that, gentlemen," he fervently exclaimed, "is unjust." The law in precisely the same manner "classes all white people as one," but that, in the speaker's opinion, seems to be just.

While it is to be regretted that the Republicans cannot be allowed to gratify his taste and predilection for the society of colored "ladies" and "gentlemen" when he is on a journey, he must admit that it would be too much to ask of the Legislature to make a special provision in the law for his benefit. And then, too, such an arrangement might not receive the assent of the colored "ladies" and "gentlemen;" for it is a well-known fact that most of the self-respecting colored people prefer to have their car to themselves, and are dissatisfied only when white candidates, who want their votes, incite them to unrest and class hatred by telling them that the white people are sppressing them.

These speakers ought to be ashamed of themselves. It is just this kind of talk in which Republican speakers indulge that makes a Republican victory in this county at a State election a real danger to the peace and of the community.
