BUCKTOWN MEETING.

There was quite a large and enthusiastic meeting of the Democracy at Bucktown on last Saturday. At the call of the crowd assembled Mr. Shepherd responded in a chaste and effective speech of about an hour, which was listened to with marked attention. At the conclusion of his remarks he read an editorial of the Clipper, the Know-Nothing organ of the State, on the emancipation doctrine, where it goes in for buying the slaves at $125 apiece and setting them free.

Mr. Griswold followed Mr. Shepherd, in one of his forcible and convincing efforts, clearly evincing to all present, that Catholocism, Foreignism and an abuse of *Gov. Wise* was not the thing needed by the citizens of Dorchester. Although the great hobby of the Know-Nothing canvass in '55 was an abuse of the Catholics and foreigners,—yet in the Legislature, where they could pass what laws they pleased, they failed to take any step in that direction. He said there were other interests of far greater magnitude. That the free negro system needed regulating. That the idle and worthless free negro should be compelled to work, and, like the white man, be made to earn his bread; and that a law should be made, compelling every one of that class (who did not hire himself out) to be hired out for each year to the highest bidder, in several convenient points in the county, thereby securing to every farmer labor to cultivate his soil.

Mr. Griswold was followed by J. F. H. Vincent, Wm. T. Vickers and B. G. Tubman, Esqrs. After the speaking three times three cheers were given, with an assurance that the *Bucktown boys* would do their whole duty on the 4th of next November.

S. Evans, J. W. Robinson and A. H. Hurley. For Constables—J. Insley, Jr., Josiah Bassitt and B. F. Lecompte. For Supervisor of the Roads—Philip Harvey.

GRAHAM'S MAGAZINE.—The November No. of this popular monthly is on our table. The publisher offers to every $3 subscriber the magnificent premium of one of each of the beautiful Portraits, in oil colors, of *George Washington* and *Henry Clay*. One copy, 1 year, $3; two copies $5; three copies $6. Address Watson & Co., "Graham's Magazine," Philadelphia.

GODEY'S LADY'S BOOK.—This elegant monthly for November is also received.—Terms—1 copy, 1 year, $3; 2 copies, 1 year, $5; 3 copies $6. Address L. A. Godey, 223 Chestnut st., Philadelphia. We will send the "Democrat" and Godey's Lady's Book 1 year for $3.50 in advance.

DISTRICT CANDIDATES.—We again call the attention of the District Candidates to the necessity of sending in their names, if they wish them printed on the Democratic ticket.

THANKSGIVING DAY.—It will be seen by his proclamation that Gov. Ligon has appointed Thursday, the 26th day of November next, as thanksgiving day.

The Late Elections.

NEWARK, N. J., Oct. 13th.

The charter election in this city to-day resulted in the election of Moses Bigelow, democrat, mayor, by a very large plurality over David Price, republican, and J. R. Crockett, American. The democrats have carried eight aldermen, the republicans two, and the Americans one. The whole democratic city ticket is elected. Mr. Bigglow's plurality will be 2,000. The ward tickets elected are democratic in eight of the eleven wards.

IOWA.

CHICAGO, Oct. 14th.

Burlington, Iowa—Samuel, democratic candidate for Governor, has a majority of 150 in this city.

Davenport, Iowa—the republican candidate for Governor has a majority of 200 in this city.

OHIO.

CINCINNATI, O., Oct. 15th.

In fifty counties Chase, republican, for Governor, loses 9,000 on Fremont's vote. Both parties are claiming the State by a small majority.

CLEVELAND, Oct. 15th.

Sixty-two counties, from which returns have been received, show a Democratic gain of 10,561 votes. The Democrats claim the State by a small majority, but so far their gains are not large enough.

CINCINNATI, Oct. 16th.

The vote is so close that the official returns only can decide the result. The Legislature is probably democratic.

The money market here is more cheerful.

MISSISSIPPI.

A dispatch from Jackson, Miss., to the Louisville Courier states that the Democrats have carried the State by a large majority, electing McWillie Governor and an entire delegation to Congress. This, if correct, is a gain of one member.

[From the Philadelphia Evening Argus.]

Pennsylvania Election.—Glorious Democratic Victory!!

We have made a clean sweep—negro fanaticism, treason and disunion trampled in the dust. A political renegade repudiated with indignant scorn.

General Packer elected Governor of the Keystone State by a majority of 20 or 30,000.

Both the Democratic Judges elected.

A Democratic Canal Commissioner elected.

An overwhelming Democratic majority in the Legislature.

The City and County of Philadelphia true to the Constitution and the Union.

Philadelphia sends nineteen Democrats to the Legislature.

General Packer has a plurality in this city of 13,332.

Nimrod Strickland, for Canal Commissioner, has a plurality of 14,480.

J. R. Ludlow, for Judge of the Court of Common Pleas, has a majority over R. T. Conrad of 5,488.

S. J. Randall has 820 majority for the State Senate in the old city.

Dr. Marselis has a plurality in the county of 9,234.

J. P. McFadden has 3,345 majority for Prothonotary of the District Court, and the candidates for the other offices have received, perhaps, even larger majorities.

Glory enough for one day.

Baltimore Municipal Election.

The Baltimore Sun, of Thursday last, says:

THE ELECTION YESTERDAY.—By courtesy we use the term "election," but we suppose the record of American suffrage in the whole history of our country contains nothing so humiliating as the transactions which took place yesterday under the nominal pretence of an "election." To call the thing a "farce" is to sport with the most vicious and demoralized political condition of this community. Moreover, disorder, riot and bloodshed have again disgraced the name of our city, and we stand in the record of yesterday's hideous proceedings a blot upon the escutcheon of popular liberty—a very mockery of political independence.

It is unnecessary to refer to any particular facts, or to tell the story of the day. It is related with emphasis in the returns of the polls of the several wards, which sufficiently indicate that many thousands of the people have been virtually disfranchised, and that no election has taken place. A certain number of men will be returned as elected members of the first branch of the city council, and as such will take their seats, but under circumstances which few will be disposed to vaunt or even contemplate.

In presenting the returns we make no comparison with former elections. The thing is too ludicrous. It is enough to say that in Baltimore, which gave a vote last year for President of 26,771, yesterday only 14,667 were cast, of which the American candidates received 11,878, and the Democratic 2,789.

The result consists of 19 Americans and 1 Democrat as the membership of the first branch of the City Council. Last year the same branch of the Council stood—Americans 13, Democrats 7. The second branch, which holds over, consists of 5 members of each party.

Bank Suspensions.

NASHVILLE, Tenn, Oct. 15th.

The Bank of Tennessee has suspended.

The Legislature of this State is considering a resolution to legalize a general suspension of the banks. Its action is doubtful.

The Planters' and Union banks will hold out till the last, unless authorized to suspend.

AUGUSTA, Ga., Oct. 15th.

All the banks in Savannah suspended this morning.

NORFOLK, Va., Oct. 16th

The Banks here suspended specie payment to-day.

RE-NOMINATION OF MAYOR WOOD.—New York, Oct. 16th.—Mayor Wood was re-nominated by the Democrats at Tammany Hall, receiving 95 out of 108 votes.

☞George Washington Parke Custis, the last member of General Washington's family, died on the 10th inst. at Arlington, Alexandria county, Va.

☞The Know-Nothings hold their mass meeting here to-morrow.

☞That the people may have some foretaste of what to expect at the great Know-Nothing meeting to morrow, we copy the following:

[From the Cecil Democrat.]

The Know Nothing Meeting at Elkton.

Defence of Plug-Uglyism—Justification of the Washington Riot—Exultation at the Prospect of a Black-Republican Victory in Kansas.

These were the themes selected by Winter Davis in the speech delivered here yesterday. He warmly defended and sanctioned the riotous and fraudulent means used in Baltimore city last fall, to control the elections, and denounced the efforts made by the law and order men of all parties to have a peaceable and fair election in Baltimore as an attempt to break down the Commercial interests of Baltimore. The Washington rioters were eulogised and defended, and President Buchanan charged with murder, for his course on that occasion, and with having *packed a jury* to try the rioters.

The Democratic party were denounced as a rotten faction, as disturbers of the peace, and promoters of civil war, and he closed his speech, with a shriek for Kansas. Buchanan, he asserted, was elected for the sole purpose of making Kansas a slave State, he had failed in this and the gentleman exulted that the mails had just brought the news that the Black Republican candidate for Congress in Kansas was *far ahead!* Now, men of Cecil remember this—the Know-Nothing party acknowledges Winter Davis as their leader in this State, and he openly glories in his Black Republicanism. We have not time to give more of the speeches this week. Mr. Davis's speech was well timed: it will swell considerably the Democratic vote in our county this fall.

Messrs. Hicks and McPhail followed Mr. Davis, as a sort of tail to this great free-soil kite. Space will not allow us to give even an outline of their remarks. Let it suffice to say that they were not calculated to help their cause in this county.

Know-Nothingism in Maryland and out of it.

The incongruous party that sprung up like Jonah's gourd in a night, and spread its branches far and wide over the country, has like the gourd aforesaid withered as rapidly before the breath of popular indignation. The miserable hypocrisy and corruption of the leaders of this party having become manifest to all honest men, they have everywhere turned with loathing and disgust from their connexion with the party. There is no State in the Union save and except Maryland where the spirit and name of this mongrel party has not been repudiated and scorned. Look at the noble old State of Pennsylvania, where this bigot party under the name of Natives first began its work of outrage, sacrilege and murder. The people duped for awhile by the specious pretences of the leaders of this "Native" party, and carried away by the silly cry—"Americans must rule America," have opened their eyes to the folly and wickedness of this unnatural and unchristian proscription, and have swept the fanaticism and its mongrel supporters out of the political arena. In Maryland alone the party holds a trembling and degraded existence. The elements of its disruption are everywhere to be seen in motion. Honest men are leaving the ranks and openly denouncing and exposing the monstrous frauds and villanies which brought the party into power.

These hostile elements need only time to combine, and the ruffian portion of the party will be left alone and speedily crushed out, as it has been elsewhere throughout the country. There is not an honest, intelligent man in this community that does not know the fact, that here in this hot-bed of Know-Nothingism ruffianly bands of armed desperadoes rule the city, and under the protection of the municipal authorities openly trample upon the rights of peaceable citizens, drive them from the polls, and murder them if they dare resist. This is indeed a melancholy and disgraceful picture, but unhappily it is true to the letter. Thousands of our honest and respectable citizens—men born amongst us, and with large interests in the city—will not this day dare to go nigh the polls because of the presence of the bands of desperadoes which the Know-Nothing leaders have armed and stationed around for the purposes of fraud and violence. The character of the elections in the city of Baltimore has been truthfully set by Mr. Hynes, one of the late leaders of Know-Nothingism, in his card of yesterday. Mr. Hynes says:—"The ballot box has been polluted, and our elections give no idea of the choice of a majority of the citizens who are entitled to vote." Mr. Hynes further says, that "though he still admires much in the American party, yet he will not act in concert with any set of men *who propose to carry their object by fraud, violence and even bloodshed if necessary.*" Remember, this is the testimony of a member of the party, who knows all that he said, and more too, if he chose to divulge it. But let us hear Mr. Hynes a little further. Speaking of the action of the Know-Nothing party, he says:—"Not content as good citizens to exercise the elective franchise, and accord to its opponents the same right, this party determined at an early day of its existence to carry every election, and for this purpose *a system of corruption and fraud unparalled in any civilized, not to say Christian community, was adopted.*" Remember, this is the testimony of one of their own leaders. But Mr. Hynes goes on thus:—Large sums of money were paid to young men and all others whose aid could be secured in this way *to drive legal voters from the polls and procure illegal votes.*"

In short, says Mr. Hynes, "no measure, however dishonorable, was omitted! *I speak what I know*, and will, if required, give the names of some of those who took part in making the arrangements and paid the money!" This is a picture of Baltimore Know-Nothingism—this shows the means by which the party obtained its present power, and by which alone they can retain it. We have known and charged upon the party these facts from the first, and now we have them confirmed and proved by its own members who can no longer tolerate the increasing boldness and villainies which are being perpetrated. The honest portion of the people of Baltimore can no longer doubt that they have been most shamefully defrauded of their rights, and that they are now ruled and trampled upon by the most corrupt and flagitious party which ever had an existence in a civilized land. How long will honest, independent men submit to the rule of such a party? This is the question which every one is asking? Who shall answer it?—*Baltimore Republican.*

The Democracy of Talbot County at Work.

The Easton Star, of the 13th inst., says:

THE BARBACUE AT CARTER'S STORE.—The Democrats had a glorious rally at Carter's Store, in Chapel District, on last Saturday evening. The meeting was ably and eloquently addressed by I. C. W. Powell, Col. Samuel Hambleton and H. H. Goldsborough. Col. Hambleton's speech, especially, produced a powerful impression on the meeting, and was received with enthusiastic cheers by the Democrats, while it sent the utmost dismay into the Know-Nothing ranks. It afforded us great pleasure to hear this gentleman put himself square on the Democratic platform, and entreat those that have acted with him as Whigs, to rally to the support of the national Democratic party, which he showed was the only party able to preserve the Union and the Constitution from the parricidal hands of the Black-Republicans. He demonstrated in his own peculiar style, that Know-Nothingism, and Americanism, have been "cleaned up" in every State except Maryland; that in this State it possesses only sufficient vitality to make a contest for the spoils; and after the present Gubernatorial contest is concluded, it will be dissipated like the morning mists. He showed that in 1860 all the patriotic citizens in the American ranks must necessarily act with the Democratic party, and urged them to act and identify themselves at once with that party which they must rely upon to preserve the liberties of the country.

After the speaking had concluded, all were invited to partake of a substantial collation, which had been provided by the candidates.

Three times three cheers for the indomitable Democracy of the old Chapel, who are now fairly aroused to the importance of the present contest, every man of whom intends to do his duty on the fourth day of November.

THE PANIC WORKING FOR UNCLE SAM.—The Trenton True American says that the United States recruiting station in that city is doing a flourishing business at this time. Large numbers of men are enlisting into Uncle Sam's service, who doubtless consider the eleven dollars per month pay and found as better than living on hope, or work without pay, or no work and no pay. There are plenty of able-bodied single men, of a better class than those who generally join the army, who will be glad to enlist now, as an alternative to beggary or starvation next winter.

POST OFFICE APPOINTMENTS.—Acting Postmaster General King has ordered the following:

Thomas Martin, postmaster, Charlotte Hall, St. Mary's county, Md., vice Theophilus Harrison, resigned. L. M. Dashiell, postmaster, Forktown, Somerset county, Md., vice M. S. Toadvine, resigned. Jeremiah H. Rawleigh, postmaster, Big Mills, Dorchester county, Md., vice G. W. Percy, resigned.

THE MISSOURI BANK.—St. Louis, Oct. 15. There has been a heavy run upon the Bank of the State of Msisouri all the morning. Opinions differ as to the ability of the Bank to hold out.

READ! READ!! READ!!!

Ye afflicted, read the following certificate of a cure of over 20 years' standing:

H. T. HELMBOLD—*Dear Sir:* I have been troubled with an affliction of the Bladder and Kidneys for over twenty years. I have tried Physicians in vain, and at last concluded to give your genuine Preparation a trial, as I had heard it highly spoken of. It afforded me immediate relief. I have used three bottles, and I have obtained more relief from its effects and feel much better than I have for twenty years previous. I have the greatest faith in its virtues and curative powers, and shall do all in my power to make it known to the afflicted. Hoping this may prove advantageous to you in assisting you to introduce the medicine. I am truly yours,

M. MCCORMICK.

Lewistown, Pa., Jan. 28, 1857.

Should any doubt Mr. McCormick's statement, he refers to the following gentlemen:

Hon. Wm. Bigler, ex-Governor, Pennsylvania.
Hon. Thos. B. Florence, Philadelphia.
Hon. J. C. Knox, Judge, Tioga Co., Pa.
Hon. J. S. Black, Judge, Philadelphia.
Hon. D. R. Porter, ex-Governor, Pennsylvania.

"A THOUSAND DOLLAR PIANO."

We paid a visit, the other day, to the music store of Horace Waters, 333 Broadway, on purpose to see a specimen of his pianos, just manufactured at his up-town establishment, of which we had heard a good deal of boasting. It may not be generally known that Mr. Waters has been established in this city but a little while, having set up in a small way some six years ago as agent for a Boston firm, and gone on by dint of industry and enterprise, till he has become one of the most prominent music publishers and dealers in the country. His musical instruments are well known for their superior qualities, though they scarcely surpass in richness, volume of tone and delicacy of touch some instruments of more obscure makers which we have seen; yet, even in these prime respects, Waters's best pianos and melodeons challenge comparison with the finest made anywhere in the country—though those of Chickering, Gilbert and others are more famous.

The particular piano we went to see, though, is certainly a superb affair. It is characterized by great fullness and softness of tone, and remarkable *expressive* power; while its externals are equally noteworthy: it has a rosewood case, elegantly inlaid with mother-of-pearl, and carved in various cabinet designs; altogether got up with every care of finish. Other pianos we heard in the same room, of equally fine tone—the same class of instruments, in fact, except the case—offered for a fraction of the cost of this very elegant one. Persons wishing for instruments of this kind, whether at the most economical or extravagant price, will be likely to be suited at the ware-room of Horace Waters.—*N. Y. Home Journal.*

HOLLOWAY'S PILLS.—Coughs, colds, influenza and asthmatic affections are always more or less associated with irregularities of the secretions. The stomach, the bowels and the liver, cannot be in a healthy condition while the lungs and the air passages leading to them are obstructed, and in all diseases of the respiratory organs the effect of the Pills is highly salutary. As an outward application for sore throat, croup, asthma and bronchitis, Holloway's Ointment is invaluable. It soon relieves the irritation of the mucous membrane of the trachea and the bronchial tubes, and removes that choking sensation so alarming in croup and asthma.

PROCLAMATION
BY THE
Governor of Maryland.

STATE OF MARYLAND,
EXECUTIVE DEPARTMENT, SCT:

I, THOMAS WATKINS LIGON, Governor of the State of Maryland, do hereby designate and appoint THURSDAY, THE TWENTY-SIXTH DAY OF NOVEMBER NEXT, as a DAY OF THANKSGIVING TO ALMIGHTY GOD for the bountiful products of the Earth and the innumerable blessings which, as a State and people, we have received at His hands, and entreat the people of the State to observe and keep the said day by abstaining from all secular employments, and devote themselves to such devout services as are appropriate to a day of Thanksgiving and Praise.

L. S. Given under my hand and the Great Seal of the State of Maryland, at the city of Annapolis, this 13th day of October, A. D., 1857.

T. WATKINS LIGON.

By the Governor:
J. PINKNEY,
Oct. 21, 1857. 3t Secretary of State.

VALUBLE LANDS FOR SALE.

BY virtue of competent authority, I will sell, as Trustee, at PRIVATE SALE, the following

TRACTS OF LAND

in Dorchester and Caroline counties, of which John C. Henry, late of Dorchester county, died, seized, viz:

1st. That

BEAUTIFUL FARM,

situated in Indian Town, Dorchester county, Md., containing

450 or 500 Acres of Land,
AND ABOUT
300 Acres of Marsh and Cripples.

In many respects this is the most desirable farm in the county. The arable land is high and undulating, requiring little or no draining, easy of cultivation, and in natural fertility unsurpassed by any on the Shore. After years of cultivation, without the use of lime or any other fertilizer, it produces the most luxuriant crops of wheat and corn, and the soil does not appear to lose its fertility in the least. The DWELLING HOUSE is sufficient for a small family, and the out-buildings, generally, in good repair, and some of them nearly new. The location is convenient for the delivery of grain, the granary being less than a mile from the navigable waters of Chicone Creek, and about two miles from Walnut Landing on the Nanticoke River. The town of Vienna, with its Schools and Churches, is about four miles distant.

2nd. A **FARM**, containing

100 Acres, More or Less,

being a part of the tract called "BACHELOR'S FOREST," purchased of Jas. Chaplain, Trustee, situated three miles from the town of Vienna, in Dorchester county.

The soil is productive, well adapted to the growth of corn, and may be improved at little expense. The BUILDINGS are sufficient for a smal tenement.

3rd. A tract of

WOOD LAND,
CONTAINING
100 Acres, More or Less,

being also a part of "BACHELOR'S FOREST," purchased of Crosby, and contiguous to the part above described.

4th. A tract or parcel of

WOOD LAND,

purchased of Josiah Webb, being a part of the tract called "JONES' VENTURE," containing

30 Acres, More or Less,

adjoining the lands of Alexander Sherman.

5th. **TWO WOOD LOTS**, containing

25 ACRES EACH,

near the town of Cambridge, one adjoining the cultivated lands of James Dixon, and the other the lands of B. J. Goldsborough.

The lots are covered with a thick growth of

Young Timber,

and are desirable on account of their location.

Also, that

Valuable Farm,

situated near the town of Greensborough, in Caroline county, containing

500 Acres, More or Less.
