Societies.

PATRONS of HUSBANDRY.—Ivy Grange No 52, P. H., meets in Grangers' Hall, 1st and 3rd Saturday of each month at 3 P. M.

MASONIC.—Nanticoke Lodge, No. 172, A. F. A. M., meets in Masonic Hall the 1st and 3rd Saturday of each month at 7 P. M.

—Come to the Masonic festival next Wednesday.

—William M. Stayton offers the American Sewing Machine at reduced prices. See his advertisement.

—Messrs. Debree and Cardeau, the latter from Scotland, and their families have settled lately in our midst.

FOR SALE.—A one-half interest in this paper. For particulars apply in person or by letter at this office.

Go to Dr. Johnson's City Drug Store, Seaford, Del., for Wishart's Pine Tree Cordial, Drugs, Medicines, &c., &c.

Mothers will grow weary and sigh over the Baby's troubles when Dr. Bull's Baby Syrup would relieve the Child and thereby give the Mother rest. Price 25 cents. *

—"Gray Squirrel" has won two mile heats at Hambleton Park lately and is to trot again against "Little Frank," July 4th.

—Wash. Brewington, colored, says he has been accustomed to "hard knocks," but that that piece of timber flying from the circular saw last Wednesday struck him a "sockdologer."

—Garrett & Redhead were notified May 30th that the Express Company had paid Vickery & Carroll, of Baltimore, the $50 which disappeared some time ago *en route*.

—A carpenter informed us a few days ago that a custom prevailed among his craft known as *soldiering*, that is, nursing one job till another was obtained. Some wicked people accuse certain physicians of the same practice.

—The plan proposed by a correspondent of holding a public meeting in this town in the interest of a graded school and inviting the Dorchester and Caroline school authorities to be present and address it, is a good one.

—A correspondent from Vienna district writes us that he thinks the "*youngsters*" of Cambridge are precipitate in the matter of nominations, especially for the Senate. He says there are older and stronger men in Cambridge, and down the county, and beside, Vienna is to be heard from.

—The last member of the Smith family which arrived here did not give entire satisfaction. Indeed, it is intimated in certain quarters that neither his English nor his logic were first class; at all events, the position of junior preacher on Federalsburg circuit is again vacant.

—Mr. Washington Wright says that the Legislature must prohibit the "gillers" near the mouths of our rivers from stretching their nets across; otherwise the fish will be entirely destroyed in our waters. He says their maxim is, all for themselves and the devil take the hindmost.

—The parents of Rev. Mr. Jewell of this place, who were wrecked on the coast of Wales in the ill-fated steamer, Dakota, arrived here last Saturday, having crossed the ocean in the steamer Wisconsin which reached New York city on the 25th ult. They come from the county of Cornwall, in the southwest of England.

—We call the attention of the people of this town and the school authorities of Dorchester and Caroline counties once more to the importance of grading our schools here, either by joint effort or by some other mode. The present plan does not and cannot meet public expectation, no matter how faithful or competent the teachers may be, for the sufficient reason that the classes are too numerous. We have tasty and commodious houses, and the one in this county, at least, is surrounded by ample grounds. Grade the schools and give us a competent principal and one or more assistants.

—By consolidating the funds of the Female Seminary and Male Academy in Cambridge and a further moderate appropriation from the county a High School might be easily established in Cambridge which would be free to all the children of the county, male and female, sufficiently advanced to enter it. Why waste time, money and effort upon private enterprises that end constantly in disappointment and failure. Inaugurate a high school, utilize the buildings and funds which have already been supplied from the public purse and thereby elevate the standard of popular education in the county.

MASONIC FESTIVAL.—The Masonic fraternity of this town aided by the ladies, will hold a festival in a commodious room at the warehouse on Wednesday afternoon and evening, June 6th, commencing at 3 o'clock and ending when all the good things, ice cream, water ices, cake, &c., &c., are eaten up. All the people, old and young, married and single, near and remote, are cordially invited.

EXCURSION TO BALTIMORE.—The M. E. Sunday School of Cambridge, Md., have chartered the fine steamer, Samuel J. Pentz, for their annual excursion to Baltimore. The steamer leaves Cambridge on the morning of June 7th, immediately after the arrival of the special train from Seaford, which has been chartered for the purpose; returning will arrive in Cambridge at 11.30 P. M., and connect again with the train for Seaford and intermediate points.

This promises to be one of the finest excursions of the season. A band of music will accompany the excursionists, and beside the exhilerating influence upon the appetite and spirits of a trip upon the finest bay in the world, the boat will remain several hours in Baltimore, thus giving the party an opportunity for sight-seeing and the transaction of business. For the round trip from Seaford, Oak Grove and Federalsburg $2.00, children under fifteen, half price. All who can should avail themselves of this opportunity for rational recreation.

SALISBURY ITEMS.

The young man injured in the mill, died on Thursday.

The Atlantic Hotel at Ocean City will open on the 20th of June.

Wicomico's public schools closed last Friday.

Some more street lamps have recently been put up.

Sam. Evans has opened a spacious ice cream saloon at 16 Main street.

Two new houses on Camden street are being enclosed.

Frank Todd has put up four tenement houses on the suburbs of town—in what is known as California.

They shipped large lots of strawberries and peas from here last week—getting fair prices.

Rev. J. J. Smith delivers Bible lectures, instead of sermons Sunday evenings at the Presbyterian Church.

A. C. Smith & Co., have moved into their fine, new office, corner Main and Mill streets.

The time made by some of the fast trotters at the races last week, was a disgrace to the old man with the hour glass.

Some think it a little strange that there should be a cemetery directly in the rear of the residence of one of Wicomico's physicians.

The young men of our town are to have new scenery painted for Court House Hall, to be used at the coming fall and winter festivities.

A mad dog made things lively on Division street last Tuesday morning, and had to be *ventilated*. Several of his fellow deceivers have been chained, and all the rest should be shot. A.

DELAYS ARE DANGEROUS.

If this axiom is true respecting the ordinary affairs of life, it is more obviously so as regards the exigencies of approaching disease. Unquestionably! Yet how many neglect to practically recognize this plain truth when health is in the balance. Of the many premonitory symptoms of disease a hacking cough is the most prophetic of peril. Arrest it at the outset with Dr Wishart's Pine Tree Tar Cordial and so avoid Consumption, Bronchitis, Inflammation of the Lungs, Coughs, Colds, and, indeed, all Affections of the Respiratory Organs are entirely cured by this sovereign remedy, which also eradicates Dyspepsia, Gravel, Piles, Nervous Debility, Torpidity of the Liver, Urinary Difficulties, Constipation, Palpitation of the Heart, Scrofulous Affections, and the maladies peculiar to the gentler sex.—This Cordial derives its virtues from the vegetable kingdom, and is infinitely to be preferred, both on account of its superior efficacy and freedom from nauseous and injurious properties to the official drugs so often administered with no other effect than to offend the palate and disorder the stomach. The PINE TREE TAR CORDIAL can always be relied on to do what is claimed for it. Sold by all druggists. Principal depot No. 916 Filbert Street, Philadelphia, Pa.
