It is very much to be feared that the high temperature that prevailed during the last half of January will have a detrimental effect upon next season's peach crop. Peach buds were beginning to swell and if a very low temperature should occur at any time during the remainder of the winter, they will be destroyed. Perhaps in mountain altitudes and on Northern exposures the danger feared may have been obviated. A big peach crop is always desirable.

Believers in that little bear, the ground hog, will now look for mild weather for the remainder of the winter. If he came out of his lair in this part of the country Wednesday he certainly failed to see his shadow. The little animal is not the only weather prophet. Wednesday was Candlemas anniversary and the old saw is that

"If Candlemas Day be fair and bright,
Winter will have another fight."

And this anniversary was certainly anything but fair and bright this time.

Charles C. Pearce, a cousin of Ex-Gov. Frank Brown, committed suicide at his home in Washington, on Thursday night of last week, by shooting himself. He was a member of the Metropolitan police force stationed at the White House. He was injured by having been thrown from his horse while stopping a runaway team, in 1904, and suffered a slight stroke of paralysis. Since then he had not been in good health. PIPELESS HEATERS

On other pages of this issue will be found advertisements of pipeless heaters for town and country residences. The ads are from D. S. Gehr, The Empire; Lloyd schaeffer, Caloric, and The Westminster Hardware Co., New Idea. This method of heating is something entirely new here, but has been successfully used in the West. Some few have been installed in this county and are entirely successful in operation, and the cost of installation and operation is about half of what the old style steam and hot water pipe furnaces are. Besides this they have other advantages. The firms above mentioned will gladly give further information on request.

AN ECHO OF LONG AGO

Westminster at one time owned a famous base ball team. Victory after victory added laurels to their crown, and we were justly proud of it. It was composed of the very flower of our young manhood, and when ever a game was scheduled, busy housekeepers would plan their daily tasks, the merchants, the lawyers and the doctors would arrange their affairs so that all could see the game. And there we all were, promptly on time, old and young, rich and poor, white and colored—in fact Westminster turned out "en masse" to see the game and cheer the boys. This is no exaggeration for it is a well known fact that the late Judge John E. Smith adjourned court to give opportunity to all to witness the game between Westminster and the famous Baltimore "Orioles," in which our boys were victorious, and the telephone exchange had to place a telephone on the grand stand every ball day, in order to reach subscribers during the game. Amongst the players, was our famous catcher, Frank T. Nicholas, better known as "Reddy," whose good natured smile and base ball enthusiasm made him a general favorite. He was one of the four paid players of the team, and made many friends while in Westminster.

This was back in 1884, and the following extract from a letter recently received from "Reddy" may be of interest to some of the older citizens of Westminster: We arrived in Westminster in 1884 just exactly 32 years ago this coming spring ,and it does not seem so long, for how well I remember my dear and kind friends who made it so pleasant for me, a stranger. There was Hon. Judge Smith, How well I remember him sitting in his round back chair under the old apple tree on the ball field enjoying the game. Hon Charles B. Roberts, my kind friend, also Mr. Harry Clabaugh, Louis Billingslea and dozens of others, including our good old colored friend, Jim Hope, the colored barber at the City Hotel. Yes, dear and fond recollections to me truly, and no doubt many have passed away by this time for in 32 years great changes take place." In speaking of his base ball career, he says since leaving here he has been "in every State and city of any note from Maine to Texas and from New York to South Dakota." He is now living in York, Pa., where he is doing well—has a son twenty-one years old and a daughter sixteen—and is highly thought of both in business and in the church of which he is a faithful member. Those who remember "Reddy" will be glad to hear of his success, and none will forget his happy smile. He still has for his motto one which all might adopt,

"Smile and the world smiles with you,
Kick, and you kick alone;
For the cheerful grin will let you in,
Where the kicker was never known."

Election of Officers for Ensuing Year

At a meeting of the Lotowners of the Westminster Cemetery Company held Tuesday evening last, at the First National Bank, the following officers were elected: Mr. Geo. R. Gehr, President; John J. Reese, Secty-Treas, and Theodore S. Mitten, Superintendent; Board of Managers, Messrs. Frank K. Herr, John Bernstein, Charles C. Gorsuch, Upton L. Reaver, John L. Reifsnider, Jr., and John J. Reese. The President's Report follows:

Westminster Maryland, Feb. 1, 1916

To the Lot Owners of the Westminster Cemetery Company:

As President of the Company, and in accordance with the custom, I submit a report of the Westminster Cemetery Company for the year just closed.

The remains of twenty-eight persons have been interred during the year. Two less than reported last year. Seventeen from Westminster (same number as last year). Four from Baltimore City, three from Washington, D. C., one from Norfork, Va., one from Chicago, Ills., one from Keymar, Md., and one from New Windsor, Md. Ages ranging from infancy to eighty-seven years, ten months and 11 days. Five from sixty to seventy; six from seventy to eighty; four, eighty and over. The Cemetery grounds have never been in a better condition. This is largely due to the careful attention given by the Superintendent to the suggestions of the Board of Managers. The Secretary and Treasurer has been efficient and faithful in the discharge of his duties.

The Company has the following investments:

Bonds of the Corporation of
Westminster - - - - - - $2000.00
State of Maryland Bond - - - $1000.00

The Legislature of Maryland has given this Company authority to receive money during the life of lot owners or by will for the perpetual care of lots. To those who have not availed themselves of this privilege I earnestly suggest they give it their prompt attention. The secretary will furnish information as to the amount necessary. It is the hope of the Board of Managers that the lot owners in this way will provide a fund large enough to produce sufficient income to pay all the necessary running expenses of the Company, so that the grounds can be still further improved The Grounds are now entirely enclosed by a wire fence. The receipts for the year amounted to $1546.02 and disbursements $1528.75 leaving $17.27 balance in the hands of the Treasurer.

All of which is respectfully submitted.

Geo. R. Gehr,
President.
