## A TWICE-TOLD TALE

One of Interest to Our Readers.

Good news bears repeating, and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel secure in accepting its truth now. The following experience of a Westminster man is confirmed after five years.

Jesse Stultz, Pennsylvania Ave., Westminster, says: "My kidneys acted irregularly and the secretions were unnatural. My back ached and I had pains in my side. Doan's Kidney Pills helped me at once. I continued using them and was soon fixed up all right.

The above statement was given on May 13, 1911 and on August 9, 1916 Mr. Stultz said: "Doan's Kidney Pills are a wonderful kidney medicine. I never have to take a kidney remedy now because of the excellent work Doan's Kidney Pills did".

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Stultz had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

## Don't Burn So Much Money!

How would you enjoy a furnace that saves a third or more of your fuel?

And how would you like to get more heat from the smaller quantity of fuel than you formerly did from the larger quantity?

Here's a furnace that will do just that thing—save fuel and give more heat for the fuel consumed. It's the

PIPELESS CALORIC FURNACE

**The Original Patented Pipeless Furnace**

It does away entirely with a complicated system of long pipes and many registers and sends heat directly up into the house through *one* centrally located register. Then, the heat circulates from room to room—displacing cooler air which is drawn down and reheated—till every nook and cranny is warm as toast. Yes, and this free, unhindered circulation takes place in an amazingly short time and gives an equal degree of warmth in all the rooms.

The Caloric Furnace is doing this in *thousands of happy homes.* Hundreds of delighted Caloric owners write letters of unstinted praise, telling how comfortable they are and how much less coal, coke or wood they burn than formerly.

The Caloric is a wonderfully efficient furnace. It may be installed in an old house as well as a new, and even where there is no cellar. You really ought to know about it. Come in, let us show you some of its many advantages—the patented triple casing that keeps the cellar cool, and its guaranteed firepot that has 500 square inches more radiating surface than other firepots.

Remember the Caloric is absolutely guaranteed to give you more and better heat, and to save 35% of fuel or no sale.

BAKER'S PLAGUE

The death of Major Augustus P. Gardner, from pneumonia contracted through exposure at a Southern training camp, has been widely commented upon. There has been less attention paid to the men of the ranks who died on the same day and from the same cause. These men, unlike Major Gardner, had to wear such clothing as the War Department was pleased, to furnish them, they had to do such duty as their commanding officers imposed, they had to accept such treatment and nursing as the government provided. They had less chance than Major Gardner had, even; and the investigation which his death has prompted Congress to institute should result in determining who is to blame.
