at Pascagoula [illegible] hulk I left standing answer his purpose with a little repair. But the Steamers have ceased calling up than twice ~~twice~~ a week at Pascagoula, he must make Fort Morgan his station. If Mr. Dandson should reach Pascagoula before you leave and wish your assistance in preparing a house at either of those places, please render him the assistance, provided it will not detain Capt. Huggy longer than he wishes, because it might be fair weather for sailing and such an oppor=tunity ought not to be lost

Mr. William Humphreys may possibly be at Pascagoula before you leave, If he should be, he will sail with you on the G. M. B. for Galveston. Both of you will live on the Schooner until my arrival at Galveston.

Give my love to mother & sisters and tell them what pleasure it will afford me to see them (next January) my best regards to Greenwell to Hagard & Houston, not to forget Mrs Taylor, Mrs. McRae & the whole shoot from one end to the other

Yours truly
