profit, yet the profit per article sold graduation season, classes should con- hands, and co-operate in a general bed. By that time I will have mulled never notice the difference if that members who can not afford much exprofit were all wiped out. Yet that pense, and should avoid doing things concern may have been so efficient, that involve heavy cost. The whole have to pay a good deal more for the tic achievement, and avoid placing ling of the national emblem. the articles it sold.

It has usually seemed to the Re-Iple of the more burdened families. publican party, that a more friendly general public. A drastic policy, for every dollar it saves, will cost the public many dollars by making it difficult for business men to carry on their affairs, and by discouraging them from taking up new enterprises. The business men make mistakes, but in the long run it pays to foster enterprises and encourage people to go in and risk their money and employ labor in hopes of making a profit.
