During my 24 years of business in Westminster I have purchased nothing but "good conditioned" steers for butchering, and to-day am placing on my counter the very best meat obtainable in this community. Tuberculine cows, and bulls have never been purchased or slaughtered by me.

PREMISES.

My market house is equipped with the latest and best system of refrigeration, its sanitary condition is as perfect as it is possible to make it, and my corps of assistants, collectively and individually, make every effort to politely satisfy my customers.

DELIVERY OF GOODS

During nearly a quarter of a century in the business I have made a special effort to deliver goods promptly, and to correct errors in either delivery or the quality of the goods so delivered.
