PROSPERITY AND POLITICS

In spite of all the difficulties which burden. the American people have had to meet, and things they wish were whole the past few years have been never too busy to meet with them. different, the fact persists that on the the most prosperous the country has ever known. This fact must be the dominating consideration in the polial the burdens we had to carry, our prosperity would vanish. But the result has proved just the reverse.

There are some who will say that the administration in charge of the government has had little or nothing to do with promoting that condition. industrial prosperity that still con- that of human nature.
