CHESTERTOWN:

THE NEWS OF THE WEEK.

rendered necessary, it is said, in order to reclothe the men and prepare them for the winter campaign, the Army of the Potomac is again in motion. Nearly the entire army has crossed into Virginia, and is moving towards the Rebels, who are holding a position between Bunker Hill and Martinsburg, with the intention, it is presumed, of giving battle without further recreat. Our army is said to be in fine condition, and has been largely reinforced since the battles in Maryland.

Considerable excitement has been created in Baltimore, in consequence of the arrest, by order of General Wool, of a number of prominent Union citizens who had petitioned for his removal from the command of this military district. The arrested parties have been sent to Fort Delaware, but it is reported that the President has ordered their release.

Pea Ridge, Arkausas, where Sigel won a great victory over the Rebels last year, has been the scene of a second decisive victory for the Federal forces. General Schofield, who commands the "Army of the Frontier," finding that the Rebel Gen. Hindman, with a force of six or seven thousand men, had camped at Pea Ridge, sent Gen. Blunt with one division after them, whilst he moved with the rest of his forces to cut off their retreat. Gen. Blunt attacked the Rebels on the morning of the 22d, and after an hour's hard fight routed them, capturing all their artillery, large number of horses, and a portion of their transportation and camp equipage. Gen. Schofield then pursued them across Boston
