Is small and lighter, and is capable of doing more and better work in a given time than any other Mill ever invented. IT IS THE ONLY MILL that will successfully remove from wheat all such pesis as Cockle, Garlic, Oats, Rye, &c. Should an extra quality of grain for seed or gristing purposes be required, it can be so arranged as to catch in one box perfect grain,

Here is made a great saving usually lost sigh of : for nearly one quarter of the grain cleaned the common Mills is lost when sown, ount of shrunken kernels and inferior grain The Eureka Mill saves all this, and gives seen every kernel of which will grow when p into the ground, and this saving will, short time, pay for the Mill.
