THE EUREKA

NINETEENTH CENTURY!

It is the fruit of long and patient investigastant study for over twenty years. He has secured several patents for Mills, and bas always been rewarded with the best of success. ments, he determined to reach the climax, and

the name to this new Mill. In this Millare all the former improvements to which have been added several more, adding still greater advantages than were at nirst anticipated, or even thought possible by the inventor himself. It embraces the three great assentials necessary in every invention : It combines ECONOMY, UTILITY and PRACTICABILITY!

THE "EUREKA" MILL Issmall and lighter, and is capable of doing more and better work in a given time that CPORTSMEN LOOK!

any other Mill ever invented. IT IS THE ONLY MILL that will successfully remove from wheat all such pests as Cockle, Garlic, Oats, Rye, &c. Should an extra quality of grain for seed or gristing purposes be required, it can be so arranged as to catch in one box perfect grain, and in the other, grain fit for market or mill. Here is made a great saving usually lost sight of : for nearly one quarter of the grain cleaned in the common Milisis lost when sown, on account of shrunken kernels and inferior grain. THOSE WHO WANT The Eureka Mill saves all this, and gives seed every kernel of which will grow when put nto the ground, and this saving will, in a ARE INVITED TO CALL AND EXAMhort time, pay for the Mill.

HINES & BURCHINAL. Chestertown, Maryland, Owners of the Mill, are having them manufactured at the Sash Factory and Planing Mill of
