and gain one year.

half of your trees in the bearing year, you disagreement. The weapons used were No. 1 WHITE PINE PALES, will have fruit on that half the odd year. Mississippi rifles, and who was present No. 1 HEMLOCK PALES, I have now in bearing the Victory apground, dead, the aim of each having These things I have done successfully.

ple of the odd year, produced in this way; been unerring and fatal. Life has been HEMLOCK FENCING, next year the scions of the last year will bear on the regular year. TURKEY RAISING .- Farmers who live sometimes. in sparsely settled districts, abounding in

large dry pastures, can afford to give the time of a faithful and intelligent lad the healthy; whole summer through, to be devoted exclusively to rearing turkeys. The young broods must be watched as constantly as ever a shepherd watches sheep in a region infested by wolves. Every night, or during the day, on the approach of rain, they must be driven to a roomy shed with a tight roof. The mother birds, and the young, can be soon trained to being driven as easily as cows are driven to pasture. Give good forage ground, and keep out of rain and dew, and success is almost certain .- Poultry World.

look out sharply for caterpillars. They are busy weaving their nests and stripping ered the following charge to a jury:

| Tennessee, is said actually to have delivered to ha the leaves off the apple trees. It is the best way to take them while they are counsel on both sides are impudent and Gallignani's Messenger, (French) June, 1867. young and small, for if neglected till the unintelligible; the witnesses on both sides leaves are fully grown there is necessari- are indecent and incredible, and the plain- "M.
