This plant is found in more or less abundance in swampy places all over the United States, and may be very easily introduced in places where it does not grow already.

SMOKED MEAT. - How often are we disappointed in our hopes of having sweet hams during the summer. After carefully curing, and smoking and sewing them up in bags and white washing them, we find that either the fly has commenced a family in our hams, or the choice parts around the bone are tainted, and the whole spoil ed. Now this can be easily avoided by Depot, 104 Dnane St., New York, packing them in pulverized charcoal. No matter how hot the weather, or how thick the flies, ham will keep, when packed so, for years. The preservative quality of the charcoal will keep them till the charcoal decays. Butter put in clean crocks, and surrounded by pulverized charcoal will never become rancid. The recipe is simple-try it.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked. "What is the cause of the unparalleled success of VINEGAR BIT-TERS!" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system.
