SENT GRATIS!

I will send gratis on application a 46 page Catalogue, with descriptions and testimonials of all my New Early and Late well-tested Peaches: with much valuable information, of what and how to plant, giving correct rotation in ripening of all desirable kinds of Peaches, from early to late. I have a large stock of the following extra, early variety, all of which ripen from one to two weeks earlier than any other kinds known

and AMSDENS JUNE, (this one offered in dormant bud only.) EARLY BEATRICE.

This variety has been well tested in large orchards, and hundreds of bushels of this Peach have been put on our market in 1872, 1873 and 1874, and on this the severest test it could have, it has proved even better than all that has ever been claimed for It is fully two weeks earlier than Hale's Early, and free from rot, and the Commissio Merchants of Philadelphia and New York not only say it is one of the earliest and best Peaches, but one of the Best Shipping Peaches that goes on these markets, and brings more than double the price of any other peach. I also offer an immense stock of Peaches in variety, in which are ten new, valuable and Philadelphia, Pa.
