Rent Mews.

Chestertown,

SATURDAY MORNING APRIL 7, 1883

PRESIDENT Arthur has appointed Judge W. Q. Gresham, of Indiana, to be Postmaster-General. The appointment was quite a surprise in official circles, but gives general satisfaction.

HEALTH COMMISSIONER BENSON reported to the mayor on Wednesday that not a single case small-pox was reported in Baltimore for the past not occurred in that city for over a year past.

PETER COOPER died in New York on Wednesday morning, in the 93d year of his age. By his death New York loses one who has been among the most active and successful of her business men and the most distinguished of her philan-

GENERAL LOGAN is credited with the declaraavailable man.

CONGRESSMAN DORSHEIMER, of New York, who is now credited with aspirations for the speakership of the next House of Representatives, is quoted as expressing the belief that the vote of the Empire State in the next democratic national convention will be cast for ex-Senator McDonald, of Indiana. It is further said that Gov. Cleveland favors Mr. McDonald as the next presiden-

foreign laborers cannot be depended upon to sents all that is left of Stalwartism." remain long in one place, especially upon this peniusula, and advises the Eastern Shore farmers along side of them. Then, it says, they will 2,000 over ex-Governor Sprague. Under all the find the labor problem solved.

of Maryland closes the 15th of this month, except | below Mr. Bourn is most significant. necting branches, and we have boats to fill all orders not accessible by rail. We are prepared to sell on time-4, 6 or 8 months note-payable at Banks.

LIGHT DRAFT

POINTS OF SUPERIORITY IN THE ESTERLY BINDER. Our Drive-Wheel has a heavy tire, welded and shrunk on. Thousands have been made, and one has never been known to

Our Cutter-Bar is made of angle iron,

Our Platform Canvas runs close to the sickle, and does not permit the butts of grain to drag on Cutter-Bar. Our Raising and Lowering Device is more simple than any other known, and Our Double Truss Brace helds the platform and elevator frames solid, so that it is impossible for them to get out

and the strongest known.

Our Three Discharge Arms prevent the dragging of the bundles even in badly Our Knot-Tying Device has been so simplified that it astonishes even "old binder men,"to see how little machinery is necessary to tie a knot The Old Plunger Bolt, Tucker Finger and Slack Arm, with all their springs and complicated combinations and adjust-

We have succeeded in simplifying the Binder to the extent of taking out Forty-Seven Pieces and putting in their place only Seven Pieces to perform the same work. Thus the Esterly is made a marthe 2d, 3d, 4th and 5th Districts of Kent
