FAC-SIMILE OF THE LABEL ON THE WRAPPER. THE REASONS GIVEN.

NO MORE A MYSTERY. WHY DOES THE CLOTHING TEAR SO EASILY? ANSWER .- From the use of strong and impure Soap, made up in salable forms and shapes, with which the market is flooded. If you want to be right sure use ECKERS' OUR FOREFATHERS' SOAP—three connecting 4-inch cakes, making each bar one foot long; weight 22½ ounces—recommended by the Best Families, Hotels and Institutions throughout the country. It is prepared by the Grecian Purifying, Boiling and Settling Process, from fresh, clean and selected butchers' tallow. By its use you run no risk of contracting any skin disease; no stiffness of the arms or wrist. A great saving of time and labor. Washing Clothes with or Without Boiling or sealding observe these directions: Take lukewarm water, rub with soap particularly and distances are the second particularly and labor. You can use it as you wish, but to wash without boiling or sealding observe these directions: on dirty spots, soak half an hour or more, gently rub on board and your clothes will be clean. Try it for one month and you will be convinced of its great advantages. VERY IMPORTANT TO KNOW.—That the best remedy for washing flannels to keep them from shrinking—wash in lukewarm water with Forefathers' OR ECKERS' BOARD OF HEALTH SOAP (the greatest disinfectant known'), and dry in a warm room; cold water hardens flannels and drying in cold air shrinks them. Ask

your grocer for it. ECKERS' SOAPS WILL WASH WITH OR WITHOUT BOILING OR SCALDING. ECKER & CO., Manufacturers, Otis and Holman Streets, Philadelphia. All Grocers Sell It.
