BLACKSMITH,

BEHIND THE ROSES.

"I say you shall not go there," said George Atwood, angrily. "And I say I shall," answered Florence

The stalwart, handsome young man of husband six and twenty glared at his better half, and his better half, although six years his

junior, returned the glance of her natural protector with interest. Neither spoke again for a few moments, but stood facing each other, as husband and wife sometimes do.

A pretty scene, truly, for a young couple who had not yet celebrated the first anniversary of their wedding day. With a mighty effort George Atwood mastered his temper, and when he spoke

again his tones were cold and even.

"Florence, I warn you! if you go to Mrs. when a shadow fell across the floor. Grey's to-night you will regret it!" "Then, let me regret it; for go I shall!" George Atwood seized his hat and left the room without another word. "George! do not leave the house in such

the young husband out in the hall. Miss Strickney was Florence Atwood's spinster cousin and had been a witness the scene of anger. "I'm not in a passion now, Mary."

You know Florence is a spoiled child. Why don't you reason with her quietly, to her. George?" "Have I not reasoned with her until I gleaming white teeth, that remind one of Florence, I love you."

-well, no matter what. She knows I detest his attentions to her. He will be at Mrs. Grey's to-night, and if she goes there conservatory Mr. Marsh could see the flash I will never forgive her!" and George At- of her blue eyes and the crimson tide wood strode away with the air of a man her pale face. who meant what he said.

"Mary, will you come with me to Mrs.

"My dear, I hope you will put all notion my husband's place in my affections." of going to Mrs. Grey's out of your head. Take care Florence how you trifle with your husband; he is bitterly opposed to your going, and I will not accompany you." "What absurd nonsense. Why George will get bravely over all that before he returns home. He has warned me though that if I go to Mrs. Grey's I will regret it. What an idea! Well, I have made up my

Miss Strickney knew that her willful cousin would do as she said; so, of course, she must accompany her, for she knew it would make matters much worse to allow | Florence, rushing wildly to his embrace Florence to go alone.

not wait to have them sent. She wore an MARYLAND RESOURCES eries of articles descriptive of the climate soil and resources of the counties of Mary third of the series, which sets forth the at-

> In these times of ninety-cent wheat and fifty-cent corn and heavy tariff taxes on everything the farmer consumes, the average Kent county farmer is able to bear up a little better than the average agricultur. alist in other sections, because his crops give a larger average yield. Very few unimproved farms are in this county. The soil is generally a light loam, with red-clay subsoil, slightly rolling. The county is long and narrow, and is bounded by the Chesapeake bay and Sassafras river on the west, and by the Chester river, separating it from Queen Anne's, on the east. Cecil county is its northern neighbor. There is probably not a farm in the 318 square miles comprising the county's area that is more than four miles from navigable waters. This advantage of navigation is un-

ble where there are no servants and the Before the days of railroads the Kent young wife enters upon her duties as housefarmers began to lime their lands, and keeper wholly ignorant of so simple a matfound convenient markets for their crops ter as the making of good bread, and with Lands in this county, when placed upon no idea of economy or thrift. And this is the market, have in the last five years the outgrowth of the system which makes brought from forty to eighty-five dollars drudges of the mothers and idlers of the per acre. There have been a few sales at girls. Sweet, amiable girls, many of them are, with faces which attract and win the stances where lands have brought over \$90 heart of some good man, but who are wholly deficient in the domestic qualities per acre. There has not been a brisk de-It was growing late and Miss Strickney aware of my presence to-night were it not which will make the man's happiness and mand for land in this county during the offered, but have in most instances been withdrawn, and farms that have been sold were generally sold at what are considered for a cook or dish-washer, while anything low figures. The Dr. Thomas C. Kennard farm, located near Kennedyville, was sold tion, as the one would callus and the other in 1875 at \$75 per acre. The same farm was resold in 1887 at \$65 per acre. The sales in so proud. But the same girl will sit for

> as any of the three. The largest wheat yield every reported in this county was fifty-two bushels to the acre, averaging a large field over. Fallow lands frequently yield from 30 to 35 bushels per acre, though the average yield, including corn-land wheat, is probably twenty bushels or less per acre. The yield of corn sometimes reaches 65 and 70 bushels to the acre though the average yield is, of course, very much less. But the peach crop is the crop upon which the Kent county farmer builds his best hopes. More than twenty years ago Colonel Edward Wilkins began peachgrowing in this county upon a large scale. Since that time a great many thousands of trees have been planted. There are comparatively few farms in the county that have not peach orchards upon them. Many farms are one-half devoted to peaches. There are numerous orchards that cover 100 acres, and some that cover 200 acres. Last year there was almost a total failure in the peach crop in this county. In previous years, single orchards cleared \$10,000. Besides peaches, pears and small fruit are grown to a considerable extent, and a few farmers grow truck and vegetables in a limited way. The lands of the county are well adapted to grazing, and there are a number of dairy farms in the county. large number of farmers are also giving at tention to breeding improved stock. They keep fully up with the improvements in agricultural machinery. The steam engine
