To The Democratic Voters of The Second Judicial Circuit of Maryland.

On next Monday, May the 6th, between the hours of 8 A. M. and 6 P. M. the Democratic voters of this Circuit will, by their votes, select a candidate for the office of Chief Judge. For this high honor there are two aspirants, one is William H. Adkins, Esq., of Talbot County, an Associate Judge of this Circuit, having been elected in the year 1907 for the full term of fifteen years, and now having an unexpired term of eleven years to serve.

The Constitution of Maryland provides that the Governor shall fill any vacancy occurring upon the Bench. As you know the present Governor is a Republican and, of course, would fill any vacancy by the appointment of a Republican lawyer. Therefore, in the event of the nomination and election of Judge Adkins as Chief Judge he necessarily would have to resign as associate and Governor Goldsborough would, of course, appoint a Republican to succeed him.

Does this program appeal to the Democratic voters of this Circuit who elected Judge Adkins to the high office which he occupies, and in which he has yet eleven years to serve? Such being the result of the election of Judge Adkins as Chief Judge. wouldn't it be safer and sounder from every Democratic standpoint, all things being equal, to guard against such a contingency?

By voting for a man who has had seventeen years active experience and practice in the Courts of this and other States.

By voting for a man who is in every way qualified to fill with credit the office to which he aspires.

BY VOTING FOR A MAN WHO HAS THE ABSOLUTE AND WELL MERITED CONFIDENCE OF PRACTICALLY EVERY MAN IN HIS OWN COUNTY REGARDLESS OF PARTY.

This man is the other candidate for Chief Judge of the Second Judicial Circuit, and should merit the confidence of every Democratic voter in the Circuit.

If you, Democratic Voters of the Second Judicial Circuit, think so, mark your (X) opposite the name of Albert Constable, of Cecil County, for Chief Judge of the Second Judicial Circuit on Monday next.
