Save Their Cost Every Year of Use

If you are thinking about buying a cream separator, and have only a small amount of ready cash to invest, don't be tempted to put your money into one of the, so-called, "cheap" machines.

Why pay your hard-earned money for a "cheap," trashy machine, when you can buy a reliable De Laval upon such liberal terms that

It will more than earn its cost while you are paying for it.

When you buy a De Laval you have positive assurance that your machine will be good for at least twenty years of service, during which time it will save every possible dollar for you and earn its original cost over and over again. If you purchase the so-called "cheap" sepa-

rator, you must pay cash in advance and then take the chance of the machine becoming worthless after a year or two of use, to say nothing of the cream it will waste while it does last.

are in use than any other make. There is a reason,

James T. Anthony CHESTERTOWN

GALENA ITEMS.

Mr. Hanson Horsey spent Sunday at the home of his mother, Mrs. M. E.

Those on the sick list are Rev. R. H. Lewis, Mr. L. R. Vansant and Mrs. S.

Mrs. Daisy Lehman and little sons, of Baltimore, are visiting Mr. and Mrs. George Starr.

Rev. Olie H. Connelly, of Washington College, spent Friday and Saturday in town among friends.

Mr. Hanson King and sister, Miss Lena, of Warwick, visited Mr. and Mrs. Thomas Caldwell last Sunday. Mr. and Mrs. Raymond Prettyman

were entertained on Sunday at the home of Mr. and Mrs. H. L. Woodburn. Mr. and Mrs. Jas. Cochran, who have been visiting their sister, Mrs. Jos. Boyd, left town on Monday for Baltimore.

Mr. and Mrs. L. C. Hayes and little son, "Miffon," of Dover, Del., are visiting their mother, Mrs. M. E. Hayes, in

The Epworth League service on Sunday was in charge of Mr. H. S. Dempsey, the service being both impressive and

Miss Carrie M. Dempsey, District Junior League Superintendent, returned home on Friday from a four day's trip among the Leagues in the lower part of the State.

Rev. T. A. Foresight, of Dover Academy, filled the pulpit at Olivet M. E. Church, both morning and evening, on Sunday last, delivering two eloquent sermons, the subjects being "The Wages of Sin Are Death" in the morning, and in the evening "What Is Man?"

The quiet of our little town was disturbed on Sunday afternoon when horse belonging to Mr. Sutton became frightened and dashed down Main street, evading all pursuers. The team ran in a ditch about a mile out of town, tearing up the carriage and harness. The horse was cut some, but not seriously injured.

State Christlan Endeavor Union, Summer Institute And Annual Convention

The Maryland State Christian Endeavor Union is planning the Summer Institute and Annual Convention at Pen Mar, July 22-28. The institute, on the first four days, it is expected, will bring together some of the most experienced workers and specialists in Christian Endeavor work in this part of the country. Mornings are to be devoted to the working sessions, the school of methods missions, junior work, efficiency, bible study and personal work will be considered in these conferences. It is possible too, because of the prominent part Christian Endeavor male members have been taking in the great Men and Religion Movement nationally and in this state, and the number of men and boys who are in its membership,-that special emphasis may be placed upon

this one phase of its many activities. Afternoons are left open for recreation; twilight services are to be held on the slopes overlooking the beautiful Cumber and valley. Prominent speakers. will address the platform meetings at night. The annual convention is to be held three days immediately succeeding the institute; having the convention during the summer and in the country is somewhat of an innovation; but after the splendid entertainment at Colora last fall, it is thought the plan to meet in the mountains during the summer will also prove popular. Special railroad rates have been granted, and some people are now planning to go, some to take their vacation at that time. President Rev. Edgar T. Read, with the other State officers, is planning to make this a week of much interest to Christian Endeavorers and their friends, and other young peoples' organization workers as

HICKS FOR JUNE.

It seems that the worse things the weather will offer us in the month of June, according to the prognostications of Rev. Irl R. Hicks, are frequent thunder storms, punctuated at intervals by tornadoes and violent seismic disturbances. In the first regular storm period in June, extending within "the brace of a Mercury period," from the 3rd to the 9th, the June solstice will impinge, "causing electrical storms to continue and reach a crisis on and touching the 9th." Following this, the annual magnetic crisis is due, "so that thunder storms will be frequent and violent for several days at this time." Coincident with this falls a reactionary storm period and "on the 11th the north magnetic pole of the Earth make its least angle to the Sun's equator, thereby intensifyng the electric and magnetic forces throughout the Earth and its atmos-

ON MORTGAGES. HARRISON W. Wattanic period - the 15th, according to phet. A regular storm period follow, at which time the veteran seer emphatically urges his followers to pin their faith to their barometers. "The reactionary storm period falling on the 22nd, 23rd and 24th will most likely take up and prolong the tendency to afternoon and evening thunder showers, coming over from the preceding period. The last four days in June will be speeded on their way by a regular storm period! The seismic punctuations will probably be best represented by an exclamation point at this time, and it is all due to the fact "the moon is full and at its extreme Southern point in the heavens on the 29th. Should all of Prophet Hicks' predictions occur as he has foretold, there will be no need of worry on the part of baggage and expressmen who are accustomed to handling the enormous trunks of vacationists at this time, for there will be little necessity for the prospective traveler to burden himself with a large amount of baggage other than a raincoat and umbrella.

An experienced nunter said the other Easiest | day the farmers ought to exterminate to turn, the foxes if they wished a larger supply easiest to of game. Foxes are said to be the most wash, skims | relentless hunters and catch and eat | the cleanest | young rabbits by the thousands every lasts the longest | year. Young birds, which are hatched on the ground, are also their constant prey. A dep of foxes in a community means the loss of about all the best game in that neighborhood.

The Kind You Have Always Bought has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision for over 30 years. Allow no one to deceive you in this. Counterfeits, Imitations and "Just-a3-good" are but Experiments, and endanger the health of Children-Experience against Experiment.

The Kind You Have Always Bought Bears the Signature of

In Use For Over 30 Years.

Used in ever increasing quantities, because the roofs put on 26 years ago are as good as new to-day, and have never needed repairs.

Don't put on that roof until you see them.

W.S.&A.M.CULF CHESTERTOWN, MD.

Anty Drudge-"Why, Mr. Sorrowful, what makes you sit on

John Sorrowful-"I'm just waiting for Mary to hand me out a bite of cold lunch. I never go in the house on washday,

it smells like a bone mill." Anty Drudge-"Nonsense. Your wife washed with Fels-Naptha soap to-day, and it was all done two hours ago. She has a nice hot lunch for you and had time to read and play the piano besides. And there's never any boily smell when Fels-Naptha's used."

There was a woman who made a prayer to be saved from washday with all its care. she tried Fels-Naptha and quit praying that particular prayer. It wasn't exactly washday that she meant. What she really did mean was to be saved from boiling clothes, with its resultant nauseous steam and heat, and from back-breaking hard rubbing.

Fels-Naptha answers that kind of petition completely, if you use it the Fels-Naptha way. Follow directions co the red and green wrapper. For white clothes you'll read: Soap the clothes, roll and let them soak in cold or lukewarm water for 30 minutes. Then rub lightly, rinse, hang out on the line. No, you don't boil them; Fels-Naptha takes the place of that and hard rubbing, too. Fels-Naptha has many other valuable

uses—washing dishes for instance. You'll find directions for all on the wrapper. Be sure and follow them.

also makes a splendid soil in prover lower in price than Cow Peas this season.
