THE ELECTION

the result is such as might have been expected from the good old Democratic Whig Harford, county of Kent. The majority for the Kent, Congressional Candidate is not so, large as Queen Ann's, it should have been, but owing to some un- Caroline, usual and adventitious circumstances, that have stood upon their principles, relying upon them, and not upon casual or tempo rary conditions for success, (with a very few exceptions,) which have ultimately and invariably proved destructive to those who have been principally instrumental in producing domestic disquiet.

The result in Kent-in the good old Democratic Whig county of Kent, for so we consider her, is highly gratifying to the Democratic Whigs of the county, as it must be to their patriotic brethren in the State.

The following is an official statement of the Polls:
