How to Prevent Its Spread -

-- ISSUED BY THE-State Board of Health

OF MARYLAND.

When TYPHOID FEVER appears in a family the source of the infection must be looked for in drinking water or food taken within the preceding twenty days. The patient may not have been infected at home, but if a second case occurs this second infectior will in all probability be traceable in some way to the first patient. In a majority of instances the drinking water has become i fected. Your first business therefore is to find out the quality of your drinking water. samples of your drinking water. In about a week we will be able to report on the drinking water, but in the meantime the members

The daily supply of drinking water must be The infectious material of typhoid fever is produced in but one way. It grows albladder. It therefore escapes from the sick person in the stools and urine. If we kill the 9 germs in the stools and urine as soon as they are passed there can be no spread of typhoid fever. These discharges should therefore be disinfected as soon as possible. You will need a large quantity of a good disinfecting

RECEIPT FOR A GOOD DISINFECTANT. To four gallons of water add enough salt to 50 Doz. Shell Tumblers, worth 95c doz., Mason's 1-Gal Jars, doz..... make a strong brine. Put this in a five gallon demijohn or jug and add a quart of crude carbolic acid. Shake it up well and you will have a good disinfectant for stools and urine. BARGAINS The crude carbolic acid known as U.S. P. 90 per cent, is very good and a quart will cost about 50 cents. There is a cheaper grade known as a 30 per cent, acid, which is nearly as effective.

About a pint of this solution should be put in the chamber or bed pan before it is used so that the discharges will begin to be disinfected as soon as they leave the body. There must always be at least as much of the disinfecting solution as there is of the discharges, so that more of the disinfecting so- we sell you on these days. lution may need to be added after the disto have a covered jar or bucket into which charged cannot be finally thrown into a

convenient spot where there is no chance of worth 45c for only..... their fouling a water supply. The discharges 1 25c Broom ..... should never be thrown upon the surface of the ground, for you will hardly be successful 10 lbs. American Granulated Sugar 550 in killing all the typhoid bacilli, and you only 10 lbs. to a customer. must not place them where those not killed by the acid may be blown about in the dust or carried away by flies to infect other

0+++++++++++++++++++++++++++ pare food or drink for other persons in the any household duty outside the sick room. Good scrubbing with scap, water, and a brush, and then rinsing well in a fresh water will suffice for cleansing the hands If any one else in the house falls sick within two weeks after the first patient the the probability is that the infection was todged before the precautions were taken in regard to drinking water and the disposal of discharges. But if the second case occurs more than 20 days after the first case, that

will signify that we have made a mistake somewhere in our precautions. DR. H. G. SIMPERS. See, of Leeal Board of Health of Kent Co.,

CONDITIONS AT COUNTY JAIL.

Chestertown, August 26, 1905. A committee representing the Eastor District Sunday Senool Convention of the A. M. E. Chuich, in session now in your com-They found the sheriff agreeable and courteous. They also found the inmates faring as tare; but one thing was brought to their attention and the memb rs of the convention to whom they reported, decided to appoint another committee to mention in the press a matter, which is a serious menace t A colored girl confined in the jail is allowed to mingle freely with the male inmates. The sheriff says that on account of the limited facilities of the jail this must be permitted Now this, as any one can see, is a serious

menace to good morals, and we earnestly protest against such a condition of affairs. MISS R. JENNIE WALSTON. R. H. GIBSON. MRS, EMMA MILLER. JOSHUA E. MAXWELL

An Applegarth Paper. - As the three Democratic papers o. Cambridge, Dot-Applegarth, the latter and a number of you buy or not. his friends are about to begin publication of a paper. They claim that the party neds a strictly partisan and aggressive paper, one that wil stand by the ticket recently nominated, and all other party measures. It is given out that the presses will reach there this week. The H. H. BENEMAN, new paper will have strong financial backing, the stockholders all being men of means and prominent in business affairs. Rumor has it that the new publication will be a morning dairy.
