The first way in which can attend to my social and household duties and thoroughly enjoy life once more, as Lydia was by dropping from all studies a great Tuesday, Nov. 7 me a well woman, without an ache or a pain." deal of useless material that has lost

"the blues," secure at once a bottle of and also following the same method of Lydia E. Pinkham's Vegetable Com- elimination in the new studies-nature study and manual training and otherswhich have elements not essential. The second method mentioned was the incorporation of minor studies into larger and more important ones; for instance, the incorporation of civics into history, physiology, temperance and

physical training into an elementary science, making these at present separate studies merely parts of the more important studies and reducing the number | SECOND DISTRICT, First Precinct—At location and | SECOND DISTRICT, First Precinct—At location | 125c Broom | 19c location | of studies to seven or eight, instead of The third method to reduce this overcrowded condition of studies which Dr. McMurray advised was the selection of a vision only.

lew great central topics of the important studies for treatment, instead of the multitude of little ones which at present are responsible for much waste and same place October 17 for revision. At of time on the part of the student and for registration. the teacher. As a result of the use of these three methods of simplifica ion, Dr. McMurray believes, the problem of the overcrowded course of studies would be solved and much time saved.

THE DECLINE IN SHEEP.

An official report of the Department of Commerce and labor declares that for years to come there will be more money in sheep than in any other agricultural product, and that the American farmer, above all others, is in a position to profit by this condition. The reason why sheep raising is to be so profitable is to be found in the fact that the flocks of the worl . are declining at an alarming Samuel Burgess' Carriage Bazaar, Edesville rate. In a little more than 30 years, or October 17 for revision only.

since 1873 this decline shows a loss of
