MADE FROM NATIVE ROOTS. SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human maladies is well proven. Even the untutored Indian had learned the curative value of some of these and taught the early settlers their uses. The Indian never liked work so he wanted his squaw to get well as soon as possible that she might do the work and let him hunt. Therefore, he dug "papoose root" for her, for that was their great remedy for fe male weaknesses. Dr. Pierce uses the same root-called Blue Cohosh-in his "Favorite Prescription," skillfully combined with other agents that make it more effective than any other medicine i curing all the various weaknesses and painful derangements peculiar to women.
