simplicity of life on the part of those who set the pace and lead the fashions ingredients are printed in plain English conditions in which the golden grain poured out of the machine there is a fair criterion, then the quality of the wheat that any woman making use of this famous medicine may know exactly what she is taking. Dr. Pierce takes his patients into his full confidence, which he that I did, for after following your instructions, which you sent me free of all pronounced social disapproval of the charge, I became regular and in perfect immoderate use of alcohol and tobacco health. Had it not been for you I would be criterion, then the quality of the wheat grown in this neighborhood is indeed gilt edged.

threshing bee. No less than twelve double teams of horses and mules were lined up in continuous procession "bringing in the sheaves" to the machine, where a corps of band cutters and a feeder pushed corps of band cutters and a feeder pushed them into the insatiable maw that very quickly separated grain from chaff, and sent the latter scurrying toward an ever growing stack, while the grain poured out at the side, clean, plump and yellow as gold, at the rate of a heaping half bushel every thirty seconds. A bushel per minute, without check or falter, was the record.

Luther Latham, as he had a right to to be, was more than pleased with the yield, he said, while Edward, his son, who has just returned from a Philadelphia hospital with his broken leg still A SHOW OF MATTING in splints, but improving, and who has again assumed the superintendency of our expectations." About 1500 bushels satisfying, tasteful and elegant vine stripped of leaves was originally

Wilbur W. Hubbard's phosphate was the fertilizer used here, as it was on all and vicinity to feel and know the following list of farms, and George that thie city has at least one in Europe. Probably it originated in H. Cole, the selling agent, is as proud over the result as a boy with a new pair of red top boots.

Here is the list:

Mr. James F. David says he has been living on the farm where he now resides for twenty years, and that from W. W. Hubbard's Victor Brand Fertilizer he threshed this year 30 bushels to the acre of wheat that was the finest he ever saw-rich, amber color, and overran in weight-600 of which when sold gained 22% bushels; and that at the mill four bushels struck measure weighed 248 lbs. The finest stubble he had seen in all his experience, and that he is going to use it exclusively this fall.

George R. Darrah, near Iron Bridge, hasn't threshed yet, but is certain of a 30 bushel per

Welter Ginn, on the William M. Bell farm, near Iron Bridge, got nearly 1500 bushels, the biggest yield he has had for years. R. N. Walton, near Delaneys, says he had secured the biggest yield he has received for

Charles E. Christopher has averaged ? bushels to the acre. Edward Darrow, on the Gilbert Wilds farm. absolutely FREE. got 26 bushels and a peck per acre. Benjamin R. Severson states that he used Wilbur W. Hubbard's phosphate side by side with a higher priced fertilizer, and the Hub

bard gave him the best returns. Meta N. Walls, west of Kenton, secured 25 bushels to the acre.

James H. Jones, near the Iron Bridge, re ports an unusually large yield.

Wm. H. Staats, Smyrna, Del., says: I made a square test of phosphates this season, with this result; From 14 acres, upon which I used Wilbur W. Hubbard's phosphate, I received an average of full 2) bushels to the acre: from 13% cres, upon which I used the Tygert phosphates, the yield was but 19 bush

struggle may have been ere she learnt to resign herself to her lonely lot? The absence of this link to bind marital life period of sociological development together, the absence of this one pledge to mutual affection is a common disapwill overrule the pernicious habits and E. Pinkham's Vegetable Compound Just pointment. Many unfortunate couples become estranged thereby. Even if they do not drift apart, one may read the whole and necessity. Men will come to learn do not drift apart, one may read the whole extent of their disappointment in the eyes of such a childless couple when they rest on the children of others. To them the largest family does not seem too numerous.

In many cases of barrenness or childlessness the obstacle to child-bearing is easily removed by the cure of weakness on the part of the woman. Dr. Pierce's Favorite Prescription has been the means of restoring health and fruitfulness to many a barren woman, to the great joy of the barren woman, to the great joy of the household. In other, but rare cases, the obstruction to the bearing of children has well within the margin of accomplish-The following was taken from the Smyna (Del.) Call of Saturday, July 14, 1906:

The farmers of this section easily lead the Peninsula in the yield of wheat obtained and are absent, an effort should be made to find out the real cause, since it is generally so easily removed by proper treatment.
