DEPOSITS INSURED

The Federal Deposit Insurance Corporation WASHINGTON, D. C.

\$5000 MAXIMUM INSURANCE \$5000

The Millington Bank of Maryland has received from the Federal Deposit Insurance Corporation at Washington the official signs which will hang at all receiving windows as visible evidence that depositors of this institution are insured. The Millington Bank of Maryland is one of more than 14,000 licensed banks in the country which are receiving these signs. Insured banks are able to offer protection to their depositors up to \$5,000. Statistical studies have shown that this maximum fully protects more than 97 per cent of all the depositors in

A statement by the Federal Deposit Insurance Corporation The purpose of the signs is to let depositors know which banks are insured. Heretofore, although 90 per cent. of the licensed banks are insured, depositors have had no easy means of identifying them.

"If, by any unforseen circumstance, an insured bank should end, the Insurance Corporation would begin paying off the in the former method of liquidation. This is not only c economic and social blow. When the depositors receive accounts they assign their claims to the Insurance Corporwith the maximum chance of the Corporation and other credi-
