apr18-tf GROVER & BAKER'S Family Sewing Machines.

THESE Machines are superior to all others for family use, for the following reasons: They sew with two threads direct from the spools, and require no rewinding. and less liable to derangement, than any other

They are capable of executing perfectly, without change of adjustment, a much greater varie y of work than other machines.

This stitch, owing to the manner in which the under thread is inwrought, is much the most plump and beautiful in use, and retains this plumpness and beauty, even upon articles frequently washed and ironed, until they are BY COMPETENT JUDGES The structure of the seam is such, that, the' it be cut or broken at intervals of only a few

stitches, it will neither open, run nor ravel, but

Unlike other machines, these fasten both ends being in the Third election District | be used upon the other side, without lessening up with silk. These machines, in addition to their superior

merits as instruments for sewing, execute the most beautiful and permanent embroidery and ornamental work. The above points of superiority are fully established by the sworn testimony in the recent case before the United States Patent Office, and by letters from all parts of the country. REV. B. F. BENSON, agent in Denton, P. T. TYSON, Maryland State Geologist: will furnish the above machines at Baltimere prices, and will teach those who buy of him to

operate them, gratis. LETTER FROM MRS. T. H. KEMP.
