ASTROLOGY.

The World Astonished THE WONDERFUL REVELATIONS MADE BY THE GREAT ASTOLOGIST, Madame H. A. PERRIGO.

She reveals secrets no mortal ever knew. She events, catastropies, crosses in leve, loss of relong separated, gives information concerning absent friends or lovers, restores lost or stolen property, tells you the business you are best qualified to pursue and in what you will be most successful, causes speedy marriages and tells you the very day you will marry, gives you the name, likeness and characteristics of the person. She reads your very thoughts, and by her almost supernatural powers unveils the dark and hidden mysteries of the future. From the stars we see in the firmament—the malefic stars that overcome or predominate in the conflagration-from the aspects and positions of the plantime of birth, she deduces the future destiny of Newel Posts, Falusters and Wooden Mantels, MOST COMPLETE assortment of man.
