IT HAS

Over Most all the Other Sewing Machines

- 1. It has a tension which prevents cutting of thread or dropping of stitches.
- 2. It has the most powerful construction, which will insure good work for a quarter of
- 3. It sews the lightest cambric and the usual shoe leather without any strain whatever, 1. It has a feed bar which can be lowered or raised at will, thus adapting it to all kinds
- 5. It is impossible to get the machine out of order unless by rust, dust or taking apart, It will never get out of order by working.
- 6. It has the highest attainable speed, making about 2,200 stitches per minute by foot,
- 7. It is the lightest running shuttle machine.
- 8. It makes the most beautiful Lock Stitch.
- 9. It has the handsomest appearance.
- 10. It has the strongest, most convenient, handsomely polished, braced table, with
- 11. Its cover is polished, fitting and locked as a little trunk. There is nothing better
- 12. It has a straight needle.
- 13. Four bobbins hold a spool of cotton.
- 14. It has the best hemmer.
- 15. It has the most complete attachment, the Jack-of-all-trades, hems, fells, binds, bastes, tucks, braids and ruffles.
- 16. It is as simple as any machine in market.
- 17. It needs but little time to learn its operation.
- 18. It has the best embroidering attachment.

These advantages combine the best qualities of a Sewing Machine for the family who want to use it steadily in all kinds of work. Nothing equal can be found in the way of combining the advantages of all the Sewing Machines now known while obviating all their faults.

## THE FOLLOWING ADVANTAGES THE AMERICAN

# and will remain each day from 9 o'clock, A. Possesses Alone and Undisturbed There Being no other Machine even Pretending Them.

1. It has a larger arm and stronger construction than any family machine, admitting registered should not fail to be present at the larger pieces of work, thus fitting the machine to family and manufacturing purposes as above named time. And all foreign born citi- well, without need of two machines. It has 8½ x 5 inches clear room.

- 2. It sews on straight a piece while puffing another at the same time without basting, attachment or after-work.
- 3. It binds a coat, a skirt, or a hat without any braid or binding whatever.
- 4. It folds up the brim of a hat to any fulness. 5. It overseams a sheet or Brussels carpet.
- 6. It makes beautiful eyelet work.
- 7. It embroiders on the edge.
- 8. It makes button holes of any size, on any material.

We simply ask an examination to verify all we state.

- 9 It has the braiding machine which makes braid of any size or color at the rate of 150
- 10. It always won the first premium at every exhibition in which it has been entered.

# THE AMERICAN

All persons who have heretofore failed to be Can be had as a plain Sewing Machine without the Buttenhole and Overseaming at \$15 less than the given prices. We want a few reliable agents everywhere, to whom we will make it an object to sell these popular machines.

Machines will be sent to any address on receipt of price. Every machine has a full outfit for plain sewing, hemming, &c.
