whom everybody knows as the successful

of America, says that while a passenger from New York on board a ship going around Cape Horn, in the early days of emigration to California, he learned that one of the officers of the vessel had cured himself, during the voyage, of an obstinate disease by the use of

Ayer's Sarsaparilla. Since then Mr. LELAND has recommended

AYER'S SARSAPABILLA in many similar cases, and he has never yet heard of its failure to effect a radical cure. Some years ago one of Mr. LELAND's farm laborers bruised his leg. Owing to the bad state of his blood, an ugly scrofulous swelling or lump appeared on the injured limb. Horrible itching of the skin, with burning and darting pains through the lump, made life almost intolerable. The leg became enormously enlarged, and running ulcers formed, discharging great quantities of extremely offensive matter. No treatment was of any avail until the man, by Mr. LELAND's direction, was supplied with AYER'S SARSAPA-RILLA, which allayed the pain and irritation, healed the sores, removed the swelling, and completely restored the limb to use. Mr. LELAND has personally used

Ayer's Sarsaparilla

his belief, there is no medicine in the world equal to it for the cure of Liver Disorders, Gout, the effects of high living, Salt Rheum, Sores, Eruptions, and all the various forms of blood diseases. We have Mr. LELAND's permission to invite all who may desire further evidence in regard to the extraordinary curative powers of AYER'S SARSAPABILLA to see him personally either at bis mammoth Ocean Hotel, Long Branch, or at the popular Leland Hotel Broadway, 27th and 28th Streets, New York. Mr. LELAND's extensive knowledge of the good done by this unequalled eradicator of blood poisons enables him to give inquirers much valuable information. PREPARED BY
