WHAT DO WE EXPECT FROM THE HOME

NEWSPAPER?

What do we expect from the home newspaper? First off, Galena, spent Sunday with Mr. and some one will say, the local news, of course. Others will say, Martha VanSant, 8 years old, the news, stories, fashions, cooking recipes, review of current daughter of Mr. and Mrs. Warren events, county, state, nation and world. Sunday school lesson, VanSant, of this place, died at Rosechurch and society news. All this is expected by readers. And wood Training School, at Owings hey are getting this every week they are getting this every week.

What does a business man expect? Without realizing it, teen months. Tuberculosis, brought perhaps, he expects rather a big investment in equipment. He on by whooping cough was the cause expects to come to the office and order a few 6x9 bills or a few Sunday afternoon at 4 o'clock at the thousand 24x36. He wants them when he wants them. The home of her parents, conducted by same thing is true if he wants a few business cards, some letter her pastor, the Rev. Mr. J. A. Leach, paper, envelopes or statements. He has a right to expect that assisted by a former pastor, the Rev. his work will be done right, proper type used, proper stock used, and the best of press work. All right. This is perfectly Mabel Cohee, Evelyn Clark, Marie clear, isn't it?

Now, the printer, desiring to be in a position to "deliver ers were pall bearers. She was burprinting when wanted," must have the equipment. No longer ied in a vault in Greensboro Cemecan he deliver printing that looks like it was printed on a cider tery. press with apple butter used for ink. No sir—ee! This means investment—investment means money. For instance, a busi- The week was warm, with adequate ness card to be properly printed calls for two or three series of sunshine and variable rainfall. The job type. The same is true in letter head and envelope printing. warm wave that set in at the close WHAT ABOUT THE FUTURE OF DENTON?

Invitations, announcements, legal blank printing, receipts, Sunday, the 31st. Monday and Tueschecks, call for more type. And all call for good presses, which day were cool. Light to heavy local in the hands of a good printer means good work, the kind thunder showers occurred from the delivered by The American Union.

Now for the printer to produce printing with such expention on the morning of the 2d, and tools, he must have a system of applied costs. Those costs were needed.

The same applies to an inch of advertising. Newspaper Thrashing of wheat and rye contincitizens who are on the lookout for the good of the community. used in the better kinds of job printing. It calls for a machine pleted on the Eastern Shore. We grant that there are a few men in Denton, who have to set the reading matter, an expensive, experienced operator. Harvesting of oats was finished in the good and welfare of the town at heart, but what can these This adds to the cost of producing a good newspaper, like The western and north-central Maryland; few do without the co-operation and backing of the majority American Union. Now the word "cost" must be applied to the ern counties of the Eastern Shore, and newspaper.
