The Cow House.

Strict attention should be paid to all par s f the cow house; sound feed. The undersigned, thankful to the public for the cleanliness in the stalls, punctual feed-tronized in the past begs to inform them that he ing, like wise place the cows according still continues to prosecute his business in all its to their temper, not two evil disposed animals together, also as the one or the to manufacture any article of FURNITURE the other loves a warmer or a cooler spot. may be ordered, in a style of superior workmanship, and at reasonable charges. For The cow-house should be airy, but not exposed to draught. The strewing of straw should be well attended to, the more the better for the cows, particu- department of hir business will be as reasonable as the times will admit. larly in Winter, when cold. The stalls must be cleaned three times a week, and the feeding floors or troughs swept | work of this kind will be done in its season, at short twice a day. In fact, everything in notice, and at low prices, for cash alone. the cow-house should be calculated to All kinds of Furniture repaired. Good Lumber taken in exchange for work.

make the animal feel comfortable in it. Perfect cleanliness throughout the cow-house to keep up the steuch, should be the rule, else the milk will suffer from it even during milking. And here I would call attention to an unpardon- Grain, Lumber, Tobacco, Fruit, Stock Poultry and all kinds of able neglect so often met with in cowhouses. I mean the perfect disregard Dealers in Clover, Timothy and Other of the valuable manuring fluid which is produced in cow-houses and from dung hills, and which so often is left to run BETWEEN CAMDEN AND CONWAY STREETS, into a ditch or creek near by, instead of being caught in some vat or vessel and ordars for Goods promptly attended to. used as a most valuable manure. Yet every farmer knows that without manure worn land cannot be cultivated .-One must have seen European farms, where they cannot afford to waste any-American farms right glaring.

I would recommend, and the daily washing of the udder must be attended CLOTHS, to by all means. All this has considerable influence on the health of the cow

heretofore good suddenly shows a decrease in her milk. This never should be a reason for neglecting her; on the contrary, she should have a very comfortable, clean, airy, but warm place, and the best of feed. She will soon recover, provided an actual disease has not set in. In the tending of calves in the cow-house, special regard should be paid to those which show the marks of future great milk productiveness, and as such are intended to be added to the stock of the dairy-farm.

## Rules for the Care of Sheep.

The general agent of the American Emigrant Co. gives the following: 1. Keep sheep dry under foot with litter. This is even more necessary than roofing them, Never let them

stand or lie in mud or snow. 2. Take up lamb rams early in the summer, and keep them until the first of December following, when they may

be turned out. 3. Drop or take out the lowest bars, thus saving broken limbs.

4. Count every day. 5. Begin graining with the greatest care, and use the smallest quantity at

6. If a ewe lose her lamb, milk her daily for a few days, and mix a little

alum with her salt. 7. Let no hogs eat with the sheep, in the spring.

time of weaning. 9. Never frighten sheep, if possible to WM. P. FRANCIS.

20. Sow rye for weak ones in cold weather, if you can. from the strong in the fall, and give

them special care, 12. If any sheep is hurt, catch it at once and wash the wound; and if it is fly time, apply spirits of turpentine daily Particular attention paid to all kinds of Counand always wash with something heal- ry produce on Consignment. ing. If a limb is broken bind it up with

Iron in the Blood

## MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "athousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damages and waste, searching out morbid secretions, and leaving nothing for

disease to feed upon. This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhœa, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infu-

sing strength, vigor, and new life into all parts of the system, and building up an Iron Con-Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and

itate to give it a trial. See that each bottle has PERU-VIAN SYRUP blown in the glass. Pamphlets Free.
