CURIOUS BITS OF HISTORY

A GREAT ADMIRAL WHO DIED POOR.

By A. W. MACY. In these days of vast fortunes, when the struggle for wealth is so strenuous, it is refreshing to read about Admiral Blake of the British navy. Few men have had more or better opportunities to become rich than he. His career as an admiral was very brilliant. He won many victories over the Dutch, the Spaniards and the Portuguese. He swept the Mediterranean clear of pirates, and restored commerce to its normal activity. It was under his pennon that England first attained supremacy of the seas. in the battle of Santa Cruz, off the island of Tenerife, he destroyed the Spanish fleet "amid whirlwinds of fire and iron hail," and captured, it is said, 38 wagon loads of silver. Yet he never profited fianancially by his victories, and when he died, in 1657, his estate
