This purpose of the act is effected in two ways. On the death of an alien landowner, the bill provides that his ownership ceases and that the property must be taken over by the Probate Court and sold to the highest bidder. Under its terms an alien cannot bequeath real estate except to a citizen. The proceeds from the sale of such land are distributed to the heirs by the Court.

No leases whatsoever are permitted. Originally it was planned to permit eases covering a maximum period of this opportunity for colonization by aliens and provides that any lease of agricultural lands is subject to escheat ments, from the lower part of the Peninto the State on the day it is begun. TOT a new idea with this store—we started to do this nearly sixteen years ago, when the store opened—and we have been doing it every business day ever since. That is one of the reasons why the Hochschild, Kohn & Co. Store is the most popular store in Baltimore.

Why should any merchant want a customer to keep unsatisfactory goods? Goodness knows, we don't. We want the active friendship and co-operation of every living soul with whom we do business. We want to feel that every dollar that comes in represents money given for value received-money paid by people who were satisfied with what they received in exchange for it.

That's the commonsense side of the "moneyback" proposition.

CAnd here's another:

The merchant who money-backs 3 goods is the man who is sure of them. He can't afford to buy doubtful merchandise.

When you come to Baltimore, we want an opportunity to supply you with the things that you can't find in your home-town stores. In the meantime, we'll be glad to serve you by mail.
