You can get a circumscribed view of your immediate surround ings from a neighboring hilltop. balloon. Through the columns of "The Philadelphia Record," however, you ca get a bird's-eye view of a thousand more of cities, towns and villages in four thickly populated States.

Of course, the city newspaper reaches out all over the world for the news. But in the sifting of news in "The Record" office its value to people in "Record" territory is kept constantly in mind. The handling of Pennsylvania, New Jersey, Delaware and Maryland news in "Th Record' is an important factor in ing that paper the favorite in those States. Another factor is the ability with which its feature departments are conducted and their value in the suburban and rural home.
