This our country's rights on the high seas to office will gladly respond to any requests Germany, was supported by 101 Repub- as to how corn should be stored under lican members of the House of Repre- local conditions. In connection with sentatives. Eighty-seven Republican seed corn discussion, a few facts should members revolted at the offensive and be stated: Seed corn selected from standunpatriotic proposition and joined the ing corn in the field will yield 31 bushels Germany for potash. According to the great bulk of the Democratic members per acre more than seed picked at time in defeating it. The instance cited by of husking. A farmer's time is worth the Wilmington paper is one of a dozen \$2.50 per hour when intelligently devoin recent years.

The old State of Massachusetts, which prides itself on its various lines of culture, some of them very justly, and holds very fast to its opinions, some of them unique-notably in the distant past, as to the proper disposal of witches-is giving way at last to the temperance sentiment. An effort is being made to cut for Caroline conditions down the number of saloons in that State thirty-three per cent. Not a few voters, some of them Prohibitionists and some not, will cast their ballots for Governor according to the candidate's friendliness out the remark that changes and innovaor unfriendliness for the liquor trafic, tions have always met with violent op. week there. shown in and out of office. Citizens of position. It matters not whether the such intent are so numerous, owing to change is one of opinion, belief or pracevents of the last year, that the old party tice, the conservative principle in hu leaders are far from pleased with the manity has always strenuously opposed prospect. It is easy to conceive of a sit- their introduction and adoption. We at public sale in front of the Seaside uation developing in which this anti-sa- have in mind now two things which many loon vote would tip the balance, and farmers opposed only a few years ago, elect the governor-to-be.

In the campaign to banish all saloons operation of automobiles. There were in Maryland many have declared against all appeals to prejudice and are making their stand on the business, economic and civic phases of the question, one writer notes. This plan of campaign, it closely followed, deserves to win. It is reason was that the pioneers of au certain to strengthen the cause of temmobile driving often assumed autocratic will be at work in Caroline county this perance in the city and State, and pave rights, and showed a disregard for the fall and also next spring, before the next term of Court. the way to future victory even if it does rights of others that was naturally resentnot gain the desired result in the coming ed by horse drivers. Happily, all this election.

The New York World says that the one nition of the right of all to the use of the great cry of the Republican campaign public highways. The perfecting of the leaders is "Money, More Money." It automobile and the lowering of the states that the present campaign of the prices have made it possible for all being a legal holiday. All paper pay-Republicans is to eclipse the halcyon thrifty classes to own them and farmers able here and maturing on that day days of the late Mark Hanna, and that are among the largest buyers. They may be paid on the following day. the most astounding condition in the realize that the auto brings both pleasure history of the world is being erected by and profit when rightly used and it offers the Republicans in their efforts to defeat an opportunity for wider travel and ex-President Wilson with money.

But the Baltimoreans agitation for good roads. This was are awaking to the necessity of going af- partly due to the fact that the most ter the business on this side of the Ches- strenuous advocates were usually the apeake, and they will get it.

We all want four more years of peace and prosperity. There certainly ought to be enough of us to make very certain the election of a Democratic President and a Democratic Congress for their important part in securing our present great advantages.

Four years ago Col. Roosevelt described the Republican leaders as men of the character of porch-climbers and burglars. These same leaders are to the fore this year, and the Colonel is with them. But the Colonel hasn't got his crowd with him any more.
