SHE MADE HOME HAPPY. In an old church-yard stood a store, Weather-marked and stained; The hand of Time kad crumbled it So only a part remained.

Upon one side I just could trace "In memory of our mother!" An epitaph which spoke of "home" Was chiseled on the other.

I'd gazed on monuments of fame High towering to the skies; I'd seen the sculptured marble stones Where a great hero lies :

By this epitaph I paused, And read it o'er and o'er. For I had nevef seen inscribed Such words as these before.

"She always made home happy!" What A noble record left; A legacy of memory sweet To those that were bereft; And what a testimony given By those who knew her best,

Engraven on this plain, rude stone That marked their mother's rest. It was an humble resting place. I know that they were poor, But they had seen their mother sink

And patiently endure; They had marked her cheerful spirit, When bearing, one by one. Her many burdens up the hill, Till all her work was done.

So when was stilled her weary heart, Folded her hands so white, And she was carried from the home She'd always made so bright, Her children raised a monument That money could not buy, As witness of a noble life

A noble life; but written not In any book of fame; Among the list of noted ones None ever saw her name;

Whose record is on high.

For only her own household knew The victories she had won-And none but they could testify How well her work was done.
