OF A REPUBLIC. NET CAME IN-CROWDS AWAITING AN AUDIENCE.

meant the Cabinet officers, for not con-

Wash, Corr. Philadelphia Times. A long residence in Washington proves the sad fact that "court life" at the capital of a republic is preexcept in the change of its duration. In proof of the above assertion the writer will give your readers a description of the last day at the White House | Cabinet meeting was over, and it was | cation. I never liked it, and, fre- stant trouble between us, the foreman | before the attempt was made upon the life of President Garfield. It was Friday, the last "Cabinet day" in the an- trail of a President. if this is the ex- switch about four feet-long-that I words between us, I fell back between which nals of this administration. It was the first day of July, hot and sultry be-yond description. The breeze which swept through the open doors of the Mansion came like the breath from an open oven. The spray from the fountains turned into vapor in its ascending flight and reminded the beholder of boiling gevsers in a valuable plain. Inside the White House a crowd had congregated to improve the opportunity of the last chance before the Presiarmy and navy, Governors of States and Territories, with the odds and ends of humanity all unknown to fame, were collected in an indescribabl whirling kaleidoscope. At times the stairs leading to the "throne room but instead of animalcule in the water it was humanity in the air. The with the same kind of material in an upward flight, to remain until hope was dead, and the first result would be enacted again. It was understood that the President would see that infest our remote frontier. the people between the hours of ten and twelve, although it was the "Cabinet day." But, alas, the "people"

IMPORTANT TO FARMERS!! Diamond Bone Phosphate, Peach Tree Guano

STILL AREAD. HE undersigned, at their Phosphate Works at Marydel, Caroline county, Md., are now prepared with greatly increased facilities for manufacturing their DIA. MOND BONE PHOSPHATE in large quantities, and can fill all orders at very short notice. We claim that this goods is made from the best material, hence we guarantee it strictly pure. Its basis is Animal Bone, made thoroughly soluble, and for all crops has always given entire satisfaction. It has been tested side by side with all the leading standard fertilizers in the country, and to day stands second to none inthe market. We use no dirt or other worthless matter and assure the farmers that we are offering for sale a better article of FERTILIZER for this Spring's crops than has ever been offered to the public for the same money. It is carefully prepared for the DRILL, is fine and dry, and passes through the orifices with uniform regularity. We are also manufacturing a PEACH TREE GUANO. This goods combines the elements that Peach Trees require, and is one of most concentrated fertilizermanufactured-uniting the stimulating properties of Peruvian Guano and the fertilizing qualities of Bones. This goods has been approved and endorsed and is extensively used by the largest Peach Growers in the country as a superior quality of Peach True Guano. After an experience of several years our DIAMOND BONE PHOSPHATE has been approved and endorsed and is extensively used by the

Landing and Hillsboro,' touching at the following largest farmers in the country as a superior wheat and corn manure. Prices and Terms sent on Application. CEORCE & DAILY, MARYDEL, CAROLINE CO., MD.
