HAIR RENEWER was the first preparation perfectly adapted to cure diseases of the scalp, and the first successful restorer of faded or gray hair to its natural color, growth, and youthful beauty. It has had many imitators, but none have so fully mut all the requirements needful for the proper treatment of the hair and scalp. HALL'S HAIR RENEWER has steadily grown in favor, and spread its fame and usefulness to every quarter of the globe. Its unparalleled success can be attributed to but one cause: the entire fulfilment of its promises. The proprietors have often been surprised at the receipt of orders from remote coun-

its introduction. The use for a short time of HALL'S HAIR REEDWING wonderfully improves the personal appearance. It cleanses the scalp from all impurities, cures all humors, fever, and dryness, and thus prevents baldness. It stimulates the weakened glands, and enables them to push forward a new and vigorous growth. The effects of this article are not transient, like those of alcoholic preparations, but remain a long time, which makes its use a matter of economy.

TO THE FRUIT GROWERS. WE have noticed in the past few seasons a disposition on the part of shippers to look with disfavor on the idea of commission merchants having agents at different stations throughout the country, for the purpose of inducing farmers to ship to some particular house. We wish to say that we have come to the conclusion-and agree with the farmer-that the agent is an uncalled for reshould be divided between the farmer and commission merchant; as you all know, a us, that we will have no agents this season,
