GENERAL AGENT NEW JERSEY ENAMEL PAINT CO.

READ THIS!

BALTIMORE, Nov. 5th, 1886. Dear Sir-In reply to yours of the 1st inst., as to the opinion of the Board of the Maryland Institute of the merits of the Liquid Enamel Paint, manufactured by the New Jersey Enamel Paint Co., and applied to the exterior of the Maryland Institute Building, I am happy to say, after careful inspection of the paint since its application, by myself and other members of the Board

JOSEPH M. CUSHING, President.

IN BALTIMORE The American and Sun buildings, Ford's Grand | Painted with this Celebrated Paint.

The Mansion House Hotel.

on application by mail

or otherwise.

more, we have been unable to call the attention of our readers and the public generally to the new spring dress of The American building, except to announce we had given the contract to Mr. C. P. Knight, No. 211 East Lombard street, (new number). The paint used on the builing is the liquid enamel paint, made by the New Jersey Enamel Paint Co., which has been sold in this market for fourteen years, and endorsed by our late Mr. Charles C. Fulton and many representative men of our city, such as Mr. John S. Gilman, president of 'Second Nat. Bank; Mr. Jacob Hartman, president of the Metropolitan Savings Bank and Washington Fire 1ns. Co.; Thomas J. Myers, of Thomas J. Myers & Co.; J. D. Mallory, of Reuter & Mallory; Armstrong, Cator & Co., and many others. The selection and combination of colors were painted on a drawing of the building and submitted to Gen. Agnus for his approval in advance of the work, and we are most happy to say they have come up to our expectations, and we cordially invite the public to inspect the same. For seashore work, which is so very severe on paint, it has some splendid endorsements, and we suggest, for the benefit of our patrons, to write Mr. Knight for sample cards

### From the Baltimore County Union.

THE NEW JERSEY ENAMEL PAINT .- This purchase money in each on day of sale, or note, with security, to be paid within 30 ing, each having 4 piles, except the end the name of ready-mixed paints, some of agent, Mr. Charles P. Knight, No. 211 East Lombard street, (new number). It has been used extensively on public and private buildings, and the best testimonial as to the general excellence of the article is the fact that it has never failed to give entire satisfaction None but the best materials are used in compounding the Enamel Paint and wherever it has been residences all over the applied the general excellence of the work and beauty of finish show for themselves, and any person of experience needs no better evidence as to its utility and value. These paints-all colors, which are shown upon sample cardsare put up in gallon cans and mixed ready for Sample Cards furnished gratis use, which is a great advantage as compared with the ordinary paints in the matter of handling as well as of applying them. The Enamel Paint is of uniform quality and Mr. Knight, the sole agent in Baltimore, handles immense quantities of it, showing that it is not new the public; but is really a staple article, the demand for it increasing with each year. Many of the finest buildings in Baltimore have been covered with this paint, and where properly pplied it has never failed to give entire satis faction. The residence of H. C. Longnecker, in Towsontown, has lately had two coats of this paint applied to it and the manner in which i is covered and the excellence of the finish speak for themselves. Those who propose doing any painting are invited to inspect this house and ee for themselves that everything we have said about the Enamel Paint are facts. We

have no hesitation in recommending it.
