Dry Goods, Shoes, Groceries Ready-Made Clothing, &c.

Denton, Maryland.

This letter is to tell you that we have finished our work of preparation for the new Spring Season, and to invite you to visit our store and see the new goods. We have, by far, the best stock and assortment we ever had, and you ought to know what we can do in the way of styles and prices before laying

out any money for new clothes. Not every store enjoys our advantages in buying direct from the largest makers in the United States. Our clothes are not made in the ordinary way. The goods are all carefully tested for strength and color; every yard of cloth is steamed and shrunk, not once but twice, before it is cut; every seam is double sewed with heavy silk or linen thread. The linings are tested for wearing quality, and all inter-linings paddings and facings are such as only the finest tailors use in their most expensive work. This produces a garment that wears, fits and holds its shape, not merely for a few weeks, but for months and years. A suit of this kind will outwear two ordinary ready-made suits and give you a welldressed appearance as long as it lasts. In cut and style our clothes conform to the best merchant-tailor models. The dressy young man can find the latest

thing in our store as soon as it is shown in New York. We offer you these suits and rain coats at the same prices you would have to pay elsewhere for ordinary goods. We are repaid for all it costs us to do this by a constantly growing trade and increasing good will; the loyalty of old customers and the making of new ones. Our finer grades of suits and rain coats are hand-made throughout and guaranteed by the makers, who refund the money

if everything is not satisfactory. We sell about everything a man wears-shirts, neckwear, hosiery, underwear, hats, gloves, and haberdashery in general. All of the sort that you'll come back again for if you give them a trial. Come to see us. We want you to feel that this is your store and to make yourself at home here. Look about as much as you like; try on some of the new things. Ask questions and compare prices. Purchase when you please. We are
