## CRAFTSMEN

It is the only Fraternal Order in the country that has adopted level premuims providing a reserve equal to the old-line company and legalized that reserve by engrafting the same in its magnificent Charter.

Its charter also provides for a Guarantee Fund of \$15,000, of which \$11,500 has already been raised and placed in the Treasury. No other Fraternal Order has ever done this, and by so doing the United Craftsmen starts with a stronger financial backing and larger fund in its treasury than the great Mutual Life of New York, the Northwestern Mutual, now giant of the West, and many the socalled old-line Mutual Companies when they commenced bnsiness.

Its system is such a combination of old-line and fraternal insurance, voluntarily entered into and enforced by the Charter, as to make THE UNITED CRAFTSMEN an improvement upon both and also STRONGER, with its funds MORE CARE-FULLY GUARDED AND MORE IMPREGNABLE THAN EITHER.
