With these secured in larger numbers Denton would be a most desirable place of residence and its growth even more rapid and substantial.

"Yours Uncle Dudley," the first man who organized the purchase of the Presidency using the "blocks of five" system, and spending millions, has been awarded a pension of \$100 a month by a grateful Republican Congress. Dudley set the pace a number of years ago; and the latest work in this line has been told, on the witness stand, lately by some of the managers of the great corporations, notably those who look after the political affairs of the insurance companies.

Memorial Day was well observed throughout the country, and the graves of thousands were decorated with garlands of love. The last resting-place of the legions of soldiers were adorned with flags and flowers, and many were the patriotic words spoken and song tributes sung to the brave

"who sink to rest, By all their country's wishes blest!" Every year the day grows to be more generally observed.

Governor Preston Lea, of Delaware, on Monday proclaimed a call for an extra session of the Legislature to be convened on Thursday, May 31st, for the purpose of electing a United States Secator.

Canned toma oes were this week advanced from \$1.17 to \$1.20 per case in the cities.

DEMOCRATIC CONGRESS NEEDED. The trusts and tariff protected corporations are in high glee at the turn political events have taken, by the concentration of public opinion upon railroad rate legislation. Mr. Payne, the Republican leader in Congress and chairman on Ways and Means, which controls all revenue legisla-

on, has declared in a signed statement that there will be no tariff bill reported at this session of Congress. This Republican standpat policy was agreed to last fall by President Roosevelt and Speaker Cannon, and SATURDAY MORNING, JUNE 2, 1900 the personnel of the Committee of Ways and Means was selected by Speaker Cannon, so that a majority |

were ardent protectionists. Thus Recent disclosures made corcerning the methods of the great meat packing houses of the country are calculated to work a revolution in a great industry and at the same time discredit a great many packers, together with their wares.
